

Background Briefing: America faces multiple threats from within. Your briefing will review Deep State threats, the Red/Green axis and the Muslim Brotherhood in America. See how these groups are working to silence free speech and sometimes working together. There is even a secret plan for destroying Western Civilization from within and making Allah's religion "victorious over all other religions".

The Muslim Brotherhood is recognized as a terrorist organization in other countries, but not the US. The left is protecting these groups, and we could be at the mercy of people who will deny us our national, physical, and economic security if America does not wake up. If you ever wondered what a Red/Green takeover of government would look like, consider what "the Squad" represents today.

Your Mission: To recognize the threat from the Muslim Brotherhood against the US and all of Western Civilization.

NOTE: THIS DOCUMENT REFERS TO THE MUSLIM BROTHERHOOD, it is not anti-Islam and does not apply to peace-loving Muslims in the US.

Multiple countries with predominantly Muslim populations have acknowledged that the Muslim Brotherhood is a threat and designated them as a terror group. This is a key point. Recognizing this truth should not be viewed as anti-Islam. It's not anti-religion. This is a designated terror group in other countries that is not being addressed in the US.

The Muslim Brotherhood is typically clean-shaven, very friendly, and well dressed in their DC lobby groups. Yet, according to Frank Gaffney, the Muslim Brotherhood published agenda represents a direct threat to your money, livelihood, and way of life.

(OSINT)- Open Sourced Intelligence Briefing

Open Sourced Intelligence Briefing with highlights. This includes quotes and summaries of conversations in the Economic War Room with Kevin Freeman and Frank Gaffney. Frank Gaffney is the Founder and Executive Chairman of the Center for Security Policy in Washington, D.C., a not-for-profit, non-partisan educational corporation established in 1988. Under Mr. Gaffney's leadership, the Center has been nationally and internationally recognized as a resource for timely, informed and penetrating analyses of foreign and defense policy matters.

"I think it's fair to say we have the Red/Green axis, the hard left on the one hand, and the what I think of as Shariah supremacists on the other. The leading edge of that group is the Muslim Brotherhood. They're working to take us down sort of stealthily. If we can't warn people about what they're doing and let them know that this threat exists and is actually metastasizing, it just makes their job in defeating us that much easier."

— Frank Gaffney

The Red/Green Axis Defined: It is the agenda and collaboration between the Marxist Left and Radical Shariah-Adherent anti-American Islamic Movement to take down Western Civilization. It is an existential threat to America.

- 1. Infiltrating from within is not new, and it can be highly effective!**
 - The Soviet Communists went to great lengths to infiltrate our institutions. The Nazis did the same before them.
 - During the heyday of the Communist efforts to subvert us, they did so through our government, through the media, and through our culture. There was a push to make anti-communism the enemy.

- Instead of communism being the enemy, they vilified Joe McCarthy.

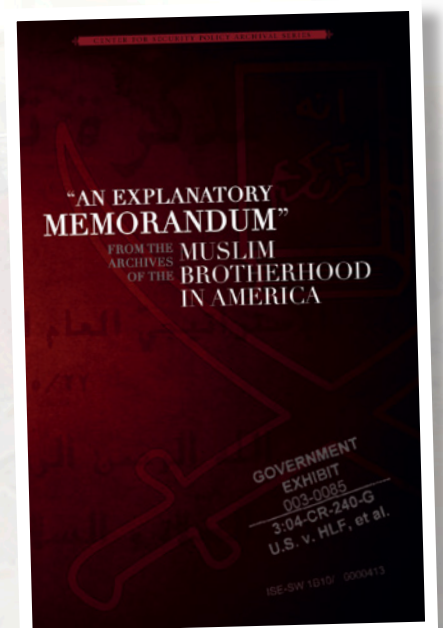

“Senator Joe McCarthy who was calling them out who is using his speech on the floor of the Senate among other places to expose and try to pressure our country against them. And he became the problem, not the communists he was exposing.” –Frank Gaffney

- It is important to understand there are domestic internal security threats that need to be countered.
- It is the guys who are, as often as not, wearing Armani suits. Clean shaven, and very friendly, who are the hidden threat. They may just happen to be Muslim Brotherhood operatives. It is not the innocent woman that is wearing the burqa at the mall.
- Mohamad Ikram wrote a book about it in 1991. He revealed their secret plan to destroy Western Civilization from within by their own hands. He is talking about our hands and the hands of the Shariah believers with the intent that their laws of religion emerge victorious over all other religions.

“An Exploratory Memorandum from the Archives of the Muslim Brotherhood in America.” [CLICK HERE TO DOWNLOAD THE MEMORANDUM.](#)

- The Muslim brotherhood wrote the book, but Ikram reports it.
- It is a report back to Egypt about how the Brothers had been doing in their first roughly 25 years of subversion inside America. It includes what they were going to be doing in the future to destroy America from within.

- This is labeled a terror group in several countries, engaged in both pre-violent acts of warfare as well as violent acts in some places.
- The Palestinian franchise of the Muslim Brotherhood is called Hamas. Hamas is a designated terrorist organization, it has been since 1994. We've been indulging in this conceit that the Muslim Brothers in the Palestinian areas are terrorists, but the Muslim Brothers in Washington DC are not.
- Americans in general do not want to face the unpleasant reality that we have enemies here operating against us.

2. What it takes to be called a bigot, racist, and Islamophobic.

CAUTION: JUST BY RECOGNIZING THE FACTS ABOVE, SOCIAL JUSTICE GROUPS AND THE SOUTHERN POVERTY LAW CENTER HAVE PURPOSELY DESIGNATED THIS AS HATE SPEECH, RACIST, OR ISLAMOPHOBIC.

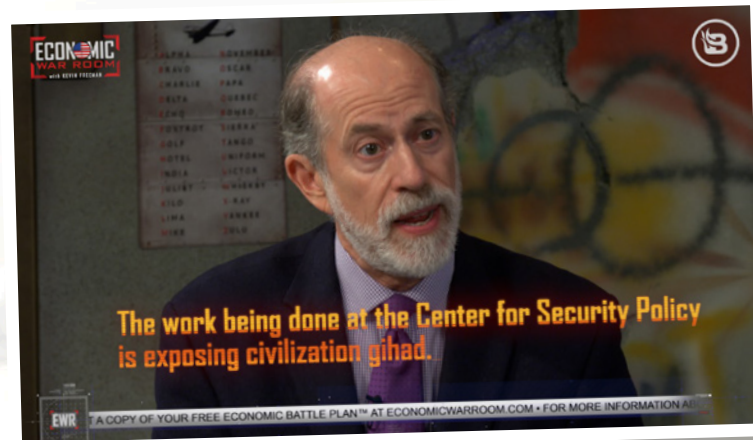

- Frank Gaffney has been libeled with false labels as groups purposely try to silence him and the Center for Security Policy (CSP).
- The CSP is of the view that there are Muslims in America as elsewhere around the world who don't want to be in perpetual war against us, who don't want to force us to submit to Shariah.
- The trouble is that the authorities of the faith and a great many of its adherents believe that Shariah is the path that they must follow. It is a complete way of life that many feel requires them to engage in jihad against everybody else until all submit to Shariah law. They want Shariah enforced as a dominant and totalitarian system.
- Shariah law in this view is absolutely at odds with our Constitution, our freedoms, our economic well-being, and our lives.

- The CSP has worked to expose the civilization jihad, their master plan and how it has operationalized inside our US courts, our financial sector, Hollywood, and our religious institutions as well as in our government.
- It is important work, and you can learn more at SecureFreedom.org.

"We need to be clear eyed about not just what's happened in the past, but what is happening under our noses. We need to defeat the Red as well as the Green axis operating against us. To understand that though, it's important that we understand that this is not anti-Muslim."

—Frank Gaffney

Economic War Room

"You've documented so well here in the Economic War Room the battle space of our economy, trade, technology and the like. Every bit as dangerous, I think in some ways even more dangerous, is what they're doing inside our country. And you've mentioned the Deep State of course. That's a way we now describe the hostility of people, both Democrat and Republican in the permanent U.S. government bureaucracy, to the kind of leadership that Donald Trump is trying to provide." —Frank Gaffney

3. Shariah Law, the conflict with free speech and our Constitution.

- Free Speech does not exist under Shariah. For example, you cannot criticize Muhammad. Shariah says that is a capital offense of blasphemy and any Muslim without any sort of authority from anybody else could (or should) execute you!

- Shariah conflicts with freedoms we have as individuals. If Muslim Brotherhood or other Shariah supremacists have their way, feminists, homosexuals, Jews, apostates, people in the arts, and some writers all are endangered species.

4. Politicians, the SPLC, Social Media, and Mainstream media are getting it wrong!

- We have some politicians on the left that are actually siding with these groups to help **Muslim Brotherhood and the Red/Green axis achieve victory.**
- The SPLC started out opposing the Ku Klux Klan, but is now a political warfare instrument for the Red/Green axis and social media platforms like Google, Facebook, Twitter and You Tube.
- SPLC is too often the unilateral arbiter of free speech and what is allowed on social platforms.
- Recently they were sued and lost a multi-million dollar judgment for getting things wrong. Also, whistle-blowers from inside the organization have come forth with charges of corruption.
- The FBI did use the SPLC for a while, but they recognized they were not reliable and stopped using them.
- You can't give freedom of religion to a totalitarian political ideology that seeks your destruction. How else do you explain radical feminists embracing Shariah?
- The coalition among Shariah adherents and radical communist politicians is disturbing, but they share a radical hatred of America.

Clare Lopez
@ClareMLopez

Then how come shariah still imposes the death penalty for adultery, apostasy & homosexuality in countries around the world, including Somalia?

Ilhan Omar @IlhanMN · Jul 25

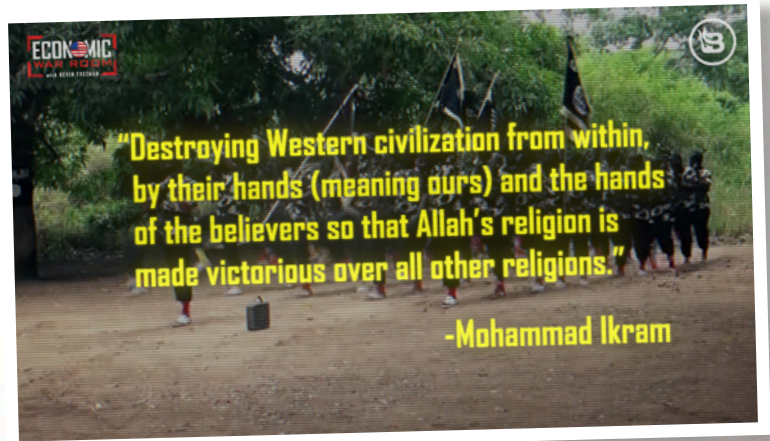

The death penalty is a heinous, totalitarian practice often used against innocent people.

It is the very definition of "cruel and unusual punishment."

It has no place in 21st century America, or anywhere else in the world.
twitter.com/HuffPost/status...

“The Muslim Brotherhood and other Shariah supremacists are being aided and abetted, enabled and legitimized, and protected by the left. Crazy as that sounds, the radical Left and the radical Shariah supremacists share at least an intermediate objective which is destroying America. That has to be understood. And once you understand it, there are lots of things that you can do to resist. You can root out whether it’s in the Deep State or whether it’s in Muslim Brotherhood, or whether it’s in the various front groups that George Soros types are financing. These people are effectively waging war against our country. And by that, I mean revolutionary activity that is ultimately becoming more and more violent as I suspect you’ve noticed and I’m sure your audience does as well.”

—Frank Gaffney

Why You Should Care:

- Within our own government, some of **those who have taken an oath to support the constitution have a very different agenda.** Some may have purposeful intent; others perhaps are naïve regarding the front that is being established by the Muslim Brotherhood.
- There is a Deep State and they seem to be coordinated in working against you for their political purposes. It is important to educate yourself, understand the risk and know how it is going to impact your finances. Determining what is real news vs. fake news is important.
- Free Speech is already under attack in social media, press and other media with the biased SPLC determining what is hate speech. Through their biased filter, individuals and organizations are falsely labeled.
- **This is an economic attack on your life, your livelihood, and your way of life.**

In the Economic War Room, we encourage Americans to be the “small ships that make the difference.” You cannot rely on the government or the President to solve your problems. You have to make a difference. It is up to you to help take our country back.

Economic Patriot Action Plan

Step 1: Go to SecureFreedom.org and get more resources on the topics discussed.

Step 2: FIGHT DC Corruption through awareness. We need to be aware of the problem and what is really going on in Washington.

- a. Trevor Loudon has been documenting the people in Congress who are tied in with the Communists, the Socialist Democrats, and with the Muslim Brotherhood. SEE HIS BOOK The Enemies Within. <https://www.amazon.com/ENEMIES-WITHIN-Communists-Socialists>
- b. In some cases, entities are unbelievably given access to the most sensitive secrets in the land because they have representatives who happen to serve on the House Intelligence Committee, or the House Armed Services Committee, or the House Homeland Security Committee, or the House Foreign Affairs Committee.
- c. Were Pakistani Shariah supremacists actually running the I.T. services for some members of Congress? If so, that would mean that whatever secrets they had access to could have been compromised to Pakistani intelligence.

Step 3: Awaken you neighbors by sharing the connection between our national security and the economic space. Review the battle plans to see and understand all that is at risk.

Step 4: While guaranteed in our Constitution, Freedom of Speech is under assault. Stand strong for this freedom.
