

Liberty Pastors: The Spiritual War for America

America faces a great spiritual war for its identity. Anyone who has lived long enough can see the decline of American culture and its impact on society and families. This decline is not inevitable, it can be reversed.

We reached this point as a society because the Church backed away from its position of leadership in almost every aspect of American life. From D.C. to Hollywood, the formation of culture has been directed by the secular world as the church has hidden itself away and refused to use the authority God gave her.

The truth of the Bible has been absent too long from schools, hospitals, movie theaters, and political offices. America is waiting for the Church to arise and bring the culture of truth into every aspect of life.

In this briefing we will discuss the following:

- » From Field to Pulpit – Paul Blair’s Testimony
- » Pastoring Politics – Paul’s Political Journey
- » Liberty Pastors – Waking the Church to Save America & the Next Generation
- » Economic War of the Heart

YOUR MISSION: Learn about the spiritual war for America and what can be done to wake up the church and ensure victory.

⚠ ATTENTION: Spiritual forces are at work to destroy America, together we can stand up for righteousness and save America.

Ep. 7-257 (OSINT) Open-Sourced Intelligence Report. This briefing includes a conversation between Kevin Freeman and Paul Blair. Paul is a friend of the Economic War Room® and an American Patriot.

Paul Blair is a former college All-Star at Oklahoma State University blocking for future Hall of Famer, Thurman Thomas. After college, he was drafted by the Chicago Bears playing under Coach Mike Ditka and alongside Hall of Famer Walter Payton. Blair has served as the Senior Pastor of Fairview Baptist Church in Edmond, OK, since 2001 and a satellite, Liberty Church of Orlando, in 2018.

Blair is President of Reclaiming America for Christ and founder of the Liberty Pastors Network and the Liberty Pastor Training Camps.

1. From Field to Pulpit – Paul Blair’s Testimony

Paul Blair grew up in ministry as his father served as a local pastor and helped other church communities nearby that needed a pastor too.

As Paul grew up, he excelled as a football player, making his way to play college ball and eventually to the NFL when he was drafted by the Chicago Bears.

During his football career, Paul found himself at a church service with his father when the Holy Spirit opened his eyes to the truth.

“I recognized that, you know, Paul, you call yourself a Christian, a follower of Christ. But really, if you took a snapshot of your life right now, there’s no evidence that you’re following Christ. So I was convicted. I walked the aisle, made sure that I was saved, was baptized again the following week, and have been walking in a new direction ever since then.” –Paul Blair

Paul decided to transform his life so that his faith in Jesus would be evident in every moment and every decision of his life.

As he followed Jesus, Paul's journey took him to the pulpit where God has used him to preach and teach to people all over America. From the field to the pulpit, Paul always puts 100% into what he does.

2. Pastoring Politics – Paul's Journey

After pastoring for years, God revealed to Paul a new calling, politics.

Paul had an experience where God spoke to his heart about the depravity of American culture and how quickly it had shifted away from what Paul had known and been proud of as a child. The future he saw for his grandchildren looked bleak and he refused to allow this to come to pass.

“It was The Andy Griffith Show and I was in my home office on a Sunday afternoon going over my notes for the Sunday evening service... It was all about church and revolved around the church... And of course, the show ended and you just felt warm all over. You just felt good. It's like, wow, that was great. And then it just dawned on me. This was like 2004, 2005. I was a young dad. I had two young children. And I thought in my lifetime, we've gone from Andy Griffith to this dribble that we have on now. We've gone from educating children to now where we're trying to groom children into the LGBT lifestyle... I said, Lord Jesus, I know you could return at any moment, but if you don't, what kind of country are my children going to be living in? And my children are going to be raising my grandchildren in? And that shook me awake.” –Paul Blair

Paul woke up to the reality of spiritual warfare for culture and, sadly, the reality that the Church had ceded its authority and influence and allowed the culture to be controlled by the secular.

As a step of faith, Paul decided to run for office, which was quickly met with a spiritual attack on his name, his family, and his reputation.

Paul was known as Edmond’s hometown hero because of all the charitable work he had done or funded there over the years.

To beat Paul, the opposition pumped out ads that attacked his character and smeared his name.

- » To do this, they needed money which Paul learned they had acquired from a super PAC.
- » They used this \$1 million budget to run ads on every radio and tv program in the area.
- » They claimed Paul was a crook who had cheated his taxes.
- » Paul would be live on air for his “Exploring the Word” radio ministry and the ad before his show and after he was done would be his opponents calling him a liar and a cheat.
- » This was a direct attack on the voice of God in Paul’s life.

⚠ Attention: Getting involved in politics is a necessity for the modern Church but it will be met with vehement opposition.

3. Liberty Pastors – Waking the Church to Save America & the Next Generation

Paul ended up losing that election, but God had a different and bigger plan for Paul.

“What you’re doing with Liberty pastors... You’re actually, instead of being one Paul Blair in the Oklahoma Senate, you’re creating how many Paul Blair’s across the country from pastors?” –Kevin Freeman

If Paul had succeeded in his campaign, he would have had great impact in his state, but that would be all. **Instead, God has used Paul to equip thousands of pastors around the country to stand up for righteousness in the political sphere.**

Liberty Pastors is Paul's ministry that trains pastors on political topics and equips them to lead their congregations in the fight to save America from cultural depravity.

"We've had 14 camps. We've actually trained about 1400 that have graduated. We've got three more coming up. So, we should be at 1700, God willing. I'd like to be able to train another thousand pastors and get another thousand churches activated between now and the end of 2024. Just takes money. But if we can do it, if we can raise the money, we're going to do it." –Paul Blair

The first thing Paul and his team focused on was breaking down the wall that prevented pastors from getting involved in politics. **There were unspoken rules that certain topics were off-limits in church.**

Paul explains **"God created the material world and God created the spiritual world. And from the Jewish understanding, we're to glorify God in whatever we do.** So, everything we do, we should be looking to scripture for counsel. Most pastors know that but have never thought about it."

After breaking down those walls, Liberty Pastors teaches about civil government, economics, current issues, and how to share these messages in an effective manner with your own congregation.

One practical application is that pastors are encouraged to partner with home school communities in their area to provide better, healthier learning environments to protect the children in their communities from the woke ideology that is being forced in the public school system.

⚠ Attention: Pastors can be equipped to effectively enter the political Arena for Christ through Liberty Pastors.

4. Economic War of the Heart

Along with education, Liberty Pastors gets to the root cause of many of the issues in American society.

One key weakness that Kevin and Paul both recognized in the American church is a love for money and a fear of losing it.

Fear is worship of the wrong father. God calls his children to fear Him, and Him alone. Many people in the church today are so afraid of losing their money or their possessions that they are crippled and unable to use it effectively.

“Pastors are rarely able to touch individuals who have one of the greatest fears they have, which is the fear of losing their money. I get asked all the time as a financial advisor, how do I protect my money? And I look at them and say, ‘This is a ridiculous question.’ Do you ask, ‘How do I protect my gun?’ And they say, ‘No, the gun is supposed to protect me.’ Exactly. And the money should protect you and the money should protect our culture. We’ve got to get people to stop thinking the money is the prize but start thinking the money is the weapon.” –Kevin Freeman

This distorted view of money has given it power over the people where they are supposed to have power over it.

Money is a resource that God has given you to steward. This means God wants you to use your money to expand His kingdom much like when Pharaoh gave Joseph money and power to manage Egypt.

Ultimately, what Joseph knew was that the money and power he was given were not his own. Our money is not really ours. It belongs to God.

God gave you authority over that money just as much as He gave you authority in your voice. In the face of evil, we must use our voices to fight back.

This applies to our money also. Both are given to us by God and entrusted to us for their use in the expansion of His kingdom and enacting of His will. **If you are not spending, investing, and giving your money in line with the purposes of Liberty, Security, and Values, then it becomes like the money of the servant who buried his talents. Your money is not being put to work. The goal is not to protect money. It is to use it for good purposes.**

- » When it comes to giving, most Christians understand the need to be selective with the organizations they give to. They want to make sure the needs they feel called to help are actually being met.
- » Many even understand that it is important to invest based on your values to ensure that the companies you invest your money in are companies that support and uphold your values.
- » **In the same way, we must be careful where we spend our money.**

“Paul Blair: We’ve got to weaponize our money... One of the things that’s really encouraging is you see the response to Target, and you see the response to Anheuser-Busch, you see the response to Disney. And this has just been natural organic responses. It wasn’t AFA or somebody trying to call a boycott. People were just fed up. They’re tired of it and they are changing where they’re spending their money. That is weaponizing money... We want Christians to start spending their money in places that it will honor God.” –Paul Blair

In the last year, we have seen a natural awakening across the nation as parents are fed up with the Woke antics of Disney, Target, and even Budweiser. It seems almost every week another company sees their name on the boycott list because they have allowed Woke ideology to impact their business.

With these great strides, now is the time to further the charge and awaken the American church to the power and authority that God has given them to use the money he has entrusted to them to steward this nation and our culture and lead it all back to Him for the expansion and preservation of His kingdom and the culture of Heaven.

Liberty Pastors is working to equip pastors with this wisdom so they can inspire their congregations to wake up, seize their God-given authority, and overcome the fear of losing money so that they and their families can effectively use this powerful tool God has given them.

Attention: Fear has riddled the American Church, but God is using Liberty Pastors to wake people up to the realities of God's good plan for money and how He wants you to use it.

You have to make a difference. It is up to you to help take our country back and create a voice for economic liberty.
