

The American Culture War

Over the last few decades, the institutions that once made Americans proud have fallen to woke ideologies and craven leadership. However, as the once-great giants of the past fall, new and mighty leaders rise from the ashes. Liberty University is one such institution where hope for a bright future is kindled and inspired in the heart of a generation being prepared to change the world.

The world has become dark as hell-bent ideologies plague our nation and seek to strip us of our freedoms. Our great nation faces many trials ahead as internal sickness spreads and causes even our greatest allies to question the security and strength we now provide. Only through the complete and total restoration of our nation can the world, as we know it, be saved.

In this briefing we will discuss the following:

- » Erosion of Religious Freedom
- » Weaponization of Justice
- » Economic Consequences of Ideological Policies
- » Cultural Shift and the War on Traditional Values
- » International Implications of Domestic Ideologies

YOUR MISSION: Understand, engage with, and defend against the growing cultural, educational, and political challenges that threaten our values and freedoms as Woke ideology poisons our nation and seeks to destroy our great Republic.

 **ATTENTION:** Our culture is under attack and it is crippling our nation. We must advance and not retreat.

WHY YOU SHOULD CARE:

- » Your religious freedoms are under attack as Sexual Orientation and Gender Identity (SOGI) activists consistently push for more controls on businesses, schools, and even churches.
- » The Justice system in the US has been weaponized to target political opponents and any citizens or institutions who would oppose the current regime. This is tearing at the fabric of our Republic.
- » SOGI, and other Woke policies, are likely to have massive economic impacts as massive government spending on ideological programs wastes taxpayer money and reduces the available funds for useful projects.
- » Woke Ideologies are at war with the traditional values of American culture, whittling away at the foundations of our nation and inciting culture wars that threaten to take away your freedoms and destroy our nation.
- » The crippling effect of Woke culture wars has impacted the confidence our allies hold in our strength, granting our enemies opportunities to expand theirs.

Ep. 8-299 (OSINT) Open-Sourced Intelligence Report. This briefing includes a conversation between Kevin Freeman and Ryan Helfenbein. Ryan is a friend of the Economic War Room® and an American Patriot.

Ryan Helfenbein is the Executive Director of the Standing for Freedom Center and the Vice President of Communications and Public Engagement at Liberty University. Ryan hosts "The Give Me Liberty" weekly podcast and is also a weekly contributor on "In Focus with Alison Steinberg."

1. Erosion of Religious Freedom

The push toward accepting sexual orientation and gender identity (SOGI) over religious freedom has led to significant repercussions for individuals who hold traditional or religious beliefs.

For example, religious institutions and individuals may face legal challenges or societal backlash for adhering to their convictions. This not only stifles freedom of expression but also erodes one of the foundational liberties in the United States.

“Antony Blinken, basically, as secretary of state declared war on religious liberty when he made sexual orientation, gender identity, the number one policy agenda for the administration.” –Ryan Helfenbein

Even as same-sex marriage was recognized under US law, one of the justices wrote a dissent to remind Americans this is not a license to attack Christians for their faith.

However, as many predicted, that is exactly what has come of these SOGI policies as people of more traditional faiths, like Christianity, Judaism, Islam, etc. are called homophobes or bigots simply for adhering to their religious values.

⚠ Attention: Freedom of religious expression is under attack in the US as so-called ‘progressive’ movements use anything they can to undermine the values of traditionally believing Americans.

2. Weaponization of Justice

One example of this is the misuse of the justice system to target political and ideological enemies.

This sets a dangerous precedent that undermines the rule of law resulting in a society where justice is not impartial but rather is used as a tool for political gain.

“When you create this kind of fiat justice, it becomes a tit-for-tat in the same way that we have fiat currency, right? You have inflation. Things become valued much less (from) far too many dollars chasing too few goods. It’s the same way with the justice system.”

–Ryan Helfenbein

This has created a climate of fear and mistrust in the judiciary system, beginning to erode the nation’s constitutional republic.

⚠ Attention: As the judicial system is weaponized for political gain, the trust of the people is lost and faith in the just fulfillment and execution of the law could be lost entirely.

3. Economic Consequences of Ideological Policies

Both the erosion of religious freedom and the weaponization of our justice system are byproducts of woke ideology which also threaten our economy.

The promotion of ideologically driven policies has heavy economic implications, such as gender identity reassignment surgeries funded by public money.

This would increase public debt and divert resources from other critical areas like healthcare, education, and infrastructure.

“We’re spending so much money with a massive national debt. We’re \$35 trillion in national debt. And here’s the problem. We’ve made promises to the American people... But we’ve also made promises of gender alterations...that will bankrupt society.” –Kevin Freeman

The financial burden ultimately falls on taxpayers, exacerbating national debt and potentially leading to economic instability.

With current inflation rates, the average American is already suffering. To have the government spend valuable resources on harmful policies like these is a direct attack on the American people.

⚠ Attention: The policies of SOGI supporting activists and politicians will crush the American economy and steal even more from American taxpayers.

4. Cultural Shift and the War on Traditional Values

The shift from a society that held Christian values in high regard has been to one where these values are seen as liabilities to the ideological advances of the SOGI worshipers.

The values this nation was founded upon caused it to flourish for over 200 years. Christian values were admired.

“Country Club Christians, just like Country Club Republicans, did exist. And then we kind of, meandered as a society, and we kind of found ourselves in a neutral playing field for quite a while where it wasn’t a bad thing to be a Christian. It just wasn’t quite the currency. It didn’t carry the weight that it used to be a reverend or be seen in society as a preacher or pastor like Billy Graham was revered for so long. It now is a cultural liability. It’s a political liability to go out strongly and say, I am a Christian. If you’re a Christian, it’s almost like saying, according to some, it’s like saying, I’m a dissident, I’m a rebel. I’m going against this sort of regime.” –Ryan Helfenbein

Attending church was a social necessity as Christian activities functioned as a social currency. It was not perfect but it encouraged a higher standard of public morality.

Today, those same values are despised by the ideologically charged movements of the ‘progressive’ left.

This alienates a segment of the population and leads to societal fragmentation as the values that once unified communities are now points of contention, damaging social cohesion and sowing friction in civil discourse.

““These are two entirely different worldviews and ideologies, and one will dominate the other. In the end, there can only be one victor.” –Ryan Helfenbein

In Rome other worldviews did not survive the revelation of Christianity and the world was forever changed.

Enacting policies that directly challenge the worldview and values held by many Americans, and most Americans throughout the nation’s history, is a direct attack on religious freedom and the values upon which the nation was founded.

Attention: When two differing worldviews clash, there is only one option. One must cede its position, shrivel up, and die. Either traditional values will prevail, or the new ideologies of cultural Marxism will seek to snuff them out.

5. International Implications of Domestic Ideologies

With so much contention and chaos within our nation, our strength is also being questioned by the rest of the world.

The U.S. pushing these progressive ideologies onto other nations has backfired, creating friction with traditional allies and fueling anti-American sentiment.

“This is scary to other nations that have traditionally been our allies. And Putin is taking advantage of this... He’s telling other nations, ‘hey, by the way, if you don’t accept their view of sexuality and gender and so forth, they’ll cut you off or they’ll weaponize it against you.’” –Kevin Freeman

This has impacted international cooperation and weakened the U.S.’s position on the global stage, which will have far-reaching consequences for US national security and global economic partnerships.

With neutral nations turning to our enemies for aid, and allies beginning to question their allegiance, the US is the weakest it has been on the world stage in decades, granting China, Russia, and other enemies a unique opportunity to seize power.

Attention: A weakened America, with fewer allies and less control of world politics, may create a power vacuum capable of inciting a third World War. Resisting these cultural poisons is the only path forward.

ACTION STEPS:

1. **Learn more about the [Standing for Freedom Center](#) and the great work they do to advance Life, Liberty, and Truth to ensure that the foundations of freedom endure for the next generation.**
2. **Read Kevin's new book [Pirate Money](#) to understand the historical context and modern application of gold and silver currency.**
3. **Enroll your children in or donate to institutions like Liberty University that emphasize discipleship over indoctrination.**
4. **Advocate for educational curricula that respect Christian values and resist indoctrination.**
5. **Support candidates for school boards who prioritize liberty and integrity in education.**
6. **Promote and share success stories from such universities to illustrate the tangible benefits of a faith-centered education.**
7. **Engage with members of your community to encourage polite and effective cultural discourse.**

ONGOING ACTION STEPS:

1. Seek opportunities to inspire other Americans to stand up for what is right.
2. Send them this Economic Battle Plan™ and ask them what they are doing to stand for America and Liberty!
 - » Elect Politicians that understand the need to preserve American Liberty.
 - » Encourage and ask your elected officials to educate themselves.
 - » Ask them how they are working to strengthen our education system and reverse the push for Marxist indoctrination. These are big issues, if your representatives are not aware and working toward solutions directly or indirectly based on their committees, hold them accountable!
3. **Watch out for programmable money. The Dollar is being attacked and the WEF is working toward The Great Reset. We want to see the dollar stay strong by acting on the items above. We also believe it is good for Americans to diversify and have other options to pay with transactional gold. Prepare your money for the economic war.**

Your support for Transactional Gold and Silver Currency is critical! We have legislation advancing in 20+ states! Learn about progress in your state at <https://transactionalgold.com/> and click the "Active States" button in the upper right-hand corner.

4. **Check your investments to see if they are helping fund the agendas of Globalist Elites. If you have a financial advisor insist that they give you an update and encourage them to become part of the NSIC.**

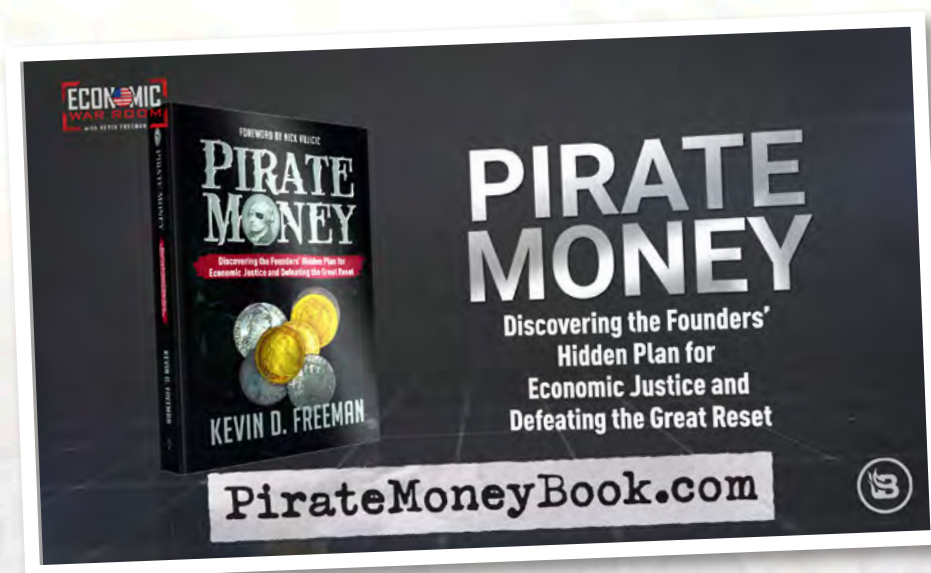

Seek out investment opportunities in patriotic innovations. Financial Advisors can learn more at www.NSIC.org. Weaponize your money, your investing, spending, and giving!

ATTENTION: Clients already with a Financial Advisor -

Make sure your financial advisor has your values and interests at heart. Make certain they really understand what ESG investments mean for our future. Suggest that they become part of the NSIC institute and nominate them to participate in our online certification at <https://www.economicwarroom.com/advisor>.

5. Be certain to buy Kevin's new book, *Pirate Money: Discovering the Founders' Hidden Plan for Economic Justice and Defeating the Great Reset*. Learn more at www.PirateMoneyBook.com.

In the **Economic War Room**®, we encourage Americans to be the “little ships that make the difference.” You cannot solely rely on the government or the president to solve America’s problems. You have to make a difference. It is up to you to help take our country back and create a voice for economic liberty. [The little ships are based on Churchill’s Operation Dynamo that rescued the British Expeditionary Forces in the Miracle of Dunkirk.]
