

## **From Arrest to Action: Gabriel Rench on Faith, Freedom, and Fighting Tyranny**

The last decade has been one of open eyes, as the veil has been torn back and the American people (and many people of the world) have come to see the great evils we face. Globalist elites have hatched plans to dominate the world and are encroaching on our civil liberties every day.

The COVID pandemic, used as an excuse to usurp individual autonomy, has been a wake-up call to the ever-expanding reach of government organizations and their desire to control our every move.

### **In this briefing we will discuss the following:**

- » Erosion of Individual Liberties
- » Government Overreach and Its Consequences
- » Importance of Principled Conservatism and The Role of the Church

**YOUR MISSION:** Learn about the threat to individual liberties and what can be done to preserve American freedoms for future generations.

 **ATTENTION:** Globalist elites want absolute control and they have been gaining ground in the shadows.

### **WHY YOU SHOULD CARE**

- » The erosion of individual liberties that affects one American, affects all Americans.
- » Government overreach is having disastrous impacts on every aspect of your way of life.
- » The education system, captured by globalist elites, is grooming a generation to turn away from traditional American values.

- » Liberty can only be preserved by those willing to make the necessary sacrifices to maintain it.
- » The Church has failed in its role as a moral guide to the nation by stepping away from political discourse and avoiding uncomfortable conversations.
- » Americans need to band together behind the values and moral principles that provided the foundation for the liberty we have enjoyed, so we can build a better world for a brighter future.

Ep. 8-305 (OSINT) Open-Sourced Intelligence Report. This briefing includes a conversation between Kevin Freeman and Gabriel Rench. Gabriel is a friend of the Economic War Room® and an American Patriot.

Gabriel Rench was born in the Promised Land of Texas. Six states later, he ended up in Moscow, Idaho, where he graduated from the University of Idaho. He has also attended Greyfriars Hall, the pastoral training program at Christ Church. Gabriel is a media and PR consultant ([www.PengoMedia.com](http://www.PengoMedia.com)), Co-Founder of the [Fight Laugh Feast Network](#), and one of the hosts of [CrossPolitic TV Show](#) and Podcast (Airs on Direct Tv, Xfinity, streaming, and podcast), and cofounder of [www.DropWave.io](http://www.DropWave.io), a free speech podcast hosting platform.

## 1. Erosion of Individual Liberties and Government Overreach

Individual liberties, especially freedom of speech and religion, are under attack in America as globalist elites and their army of useful idiots seek to destroy American liberty.

“Gabriel was arrested in September of 2020 for exercising his First Amendment rights. He was singing Psalms outside a city hall in protest of unconstitutional mask mandates.” –Kevin Freeman

Gabriel's experience was sadly not unique as many Americans faced backlash for free speech during the COVID pandemic.

Thankfully, many American patriots rose up to fight back and call out these restrictions for what they are, authoritarianism.

Authoritarians have a hunger for power and control that will never be satisfied until everyone is enslaved.

When individual liberties are compromised, it sets a precedent that can affect every citizen.

**⚠ Attention: Today's restrictions on free speech or freedom of assembly may become tomorrow's restrictions on freedom of religion or the right to bear arms.**

## 2. Government Overreach and Its Consequences

Government overreach not only affects individual freedoms but also sets dangerous precedents for future generations.

When the government dictates how people should act, it invariably leads to a loss of personal freedoms.

"We have a government right now that's basically warring with God because they're trying to claim all sovereign power over everything. They'll tax your property, they'll tell you where to educate your kids, they'll tell you where and how far apart to stand." –Gabriel Rench

One major form of government overreach that has crept its way into our society is education policy.

The type of education children receive shapes the values and beliefs of the next generation of voters.

“Mom and Dad get about 2,000 hours at home with their kids, compared to the 16,000 hours that public education gets with the kids. Who’s going to win that battle?” –Gabriel Rench

A public education system that promotes DEI and other ideologically charged teachings shapes a future generation that may not uphold traditional values.

This is how our culture was slowly whittled down, and is now, somewhat rapidly deteriorating.

**⚠ Attention: Using the education system to subvert the moral-forming role of parents, the government can groom a generation for the ideology they desire.**

### 3. Importance of Principled Conservatism and The Role of the Church

The church has a significant role in shaping morals and values within society.

A church that remains silent on political and cultural issues is a church that fails to be a beacon of light and truth.

“One of the areas that we need to repent is, specifically in the church, not being a prophet to our people, not bringing the Word of God to our people... almost all churches, pick and choose what verses we want to talk about or preach on, and stay away from the other verses we don’t want to talk about or preach on... the whole counsel of God we’ve rejected in our nation.” –Gabriel Rench

Even the conservative movement in the US can be guilty of this, as unprincipled conservatives value the fruit of morality but do not tend to the roots that keep the tree alive.

While the outside looks great, and the policies can be helpful in the short term, they do not inspire the moral and cultural change that is necessary to preserve our liberty.

This is the role of the American Church, to stand in the gap and fight for the values that make our nation great, and to preserve and water the roots that keep this tree of liberty alive.

**Attention: Unprincipled conservatism can lead to changes that neither uphold nor protect core values, creating a society that continues to shift away from foundational principles.**

In the **Economic War Room**®, we encourage Americans to be the “little ships that make the difference.” You cannot solely rely on the government or the president to solve America’s problems. You have to make a difference. It is up to you to help take our country back and create a voice for economic liberty. [The little ships are based on Churchill’s Operation Dynamo that rescued the British Expeditionary Forces in the Miracle of Dunkirk.]
