

## Secrets of the Federal Reserve Exposed

In November of 1910, a group of the American banking industry's most powerful and wealthy leaders gathered at the Jekyll Island Clubhouse in Georgia. At this secluded destination, these men conspired to remake the nation's banking industry. The plans discussed in this clandestine meeting would become the foundation for the Federal Reserve that has ruled over our currency for more than a century.

The Federal Reserve is, in its own way, a psyop. There is nothing federal about the Federal Reserve as it is a private corporation owned by a handful of elites. And there is no “reserve.” This private corporation functions as the money creator for the federal government by purchasing large amounts of Treasury securities enabling the federal government to borrow money indefinitely, effectively “printing” money. The Federal Reserve can always print more, ultimately at the expense of the American taxpayer.

### In this briefing we will discuss the following:

- » The Federal Reserve's Impact on Personal Finances and Freedom
- » Economic Crises and the Wealth Gap
- » Central Bank Digital Currencies & the Pirate Money Solution

**YOUR MISSION:** Learn about the threat the Federal Reserve poses to your financial security and individual liberty.

**⚠ ATTENTION:** The Federal Reserve system controls the lifeblood of our economy and the US Dollar while essentially empowering government overreach and excessive debt.

### WHY YOU SHOULD CARE

- » The Federal Reserve has enabled massive government spending responsible for much of the inflation eating away at your income.

- » Your personal freedoms will be under assault as the Federal Reserve and the federal government gain more power and influence.
- » Central banks around the world, including the Federal Reserve, are working toward systems that would increase their control of individual saving, spending, and investing.
- » Economic crises are created when the monetary policy of the Federal Reserve gets off track.
- » Globalist elites intend to use an economic crisis to introduce Central Bank Digital Currencies.
- » Central Bank Digital Currencies will give elites absolute control of the global economy and individual financial decisions.
- » There is a solution that can protect you, your family, and America from globalist control.

Ep. 8-306 (OSINT) Open-Sourced Intelligence Report. This briefing includes a conversation between Kevin Freeman and G. Edward Griffin. Edward is a friend of the Economic War Room® and an American Patriot.

Griffin is a writer, documentary film producer, and Founder of Freedom Force International. Listed in Who's Who in America, he is well known because of his talent for researching difficult topics and presenting them in clear terms that all can understand.

He has dealt with such diverse subjects as archaeology and ancient Earth history, the Federal Reserve System and international banking, terrorism, internal subversion, the history of taxation, U.S. foreign policy, the science and politics of cancer therapy, the Supreme Court, and the United Nations.

His better-known works include *The Creature from Jekyll Island*, *World without Cancer*, *The Discovery of Noah's Ark*, *Moles in High Places*, *The Open Gates of Troy*, *No Place to Hide*, *The Capitalist Conspiracy*, *More Deadly than War*, *The Grand Design*, *The Great Prison Break*, and *The Fearful Master*.

## 1. The Federal Reserve's Impact on Personal Finances and Freedom

The Federal Reserve's monetary policies impact inflation, interest rates, and overall economic stability, directly affecting the purchasing power and savings of individuals.

Inflation is caused by the Federal Reserve's endless ability to print an infinite number of US Dollars. As they add more money to the pool, each dollar loses some of its value relative to the existing supply of goods and services.

This inflation ruins the purchasing power of the average American's income while granting the Federal Reserve and the federal government greater power and influence.

"We will never have a long-term solution until we get rid of the evil thing that's eating away at our gut right now. As long as that's there, there is no long-term solution. It will just continue to get worse and worse." –G. Edward Griffin

This inflation builds economic instability. This unstable monetary system can lead to economic crises, increased national debt, a wealth gap, and a lower standard of living for most citizens, furthering the demand for government intervention.

The federal government then intervenes, gaining more power and increasing its budget needs.

"The more government grows, the less individual freedom we have... If we don't abolish the Federal Reserve System, it will abolish America." –G. Edward Griffin

A centralized financial system leads to greater government interference and less individual autonomy, eroding the foundational principles of freedom and democracy.

**Attention: Increased government control over the financial system limits personal financial freedoms, such as how you save, spend, or invest your money.**

## 2. Economic Crises and the Wealth Gap

Economic instability often results in job losses, reduced access to credit, and a devaluation of retirement savings, severely affecting personal financial well-being.

They can also lead to bankruptcies, increased national debt, and a prolonged recession, impacting the nation's overall economic health.

These crises heavily impact the daily lives of most Americans but have almost no effect on the elites.

“Wherever you find a concentration of wealth, money, and power over other human beings, it becomes like a magnet to the predator class.” –G. Edward Griffin

The Federal Reserve's policies often disproportionately benefit the wealthy and large financial institutions, exacerbating wealth inequality.

Increasing wealth disparity can lead to social unrest and destabilize democratic institutions.

This is a major threat to the fabric of our republic as social unrest causes the citizenry to fight amongst themselves instead of working together to form a more perfect union.

When the dust settles, it is the predatory elites who will benefit from a major financial crisis, and the Federal Reserve empowers them to do so.

**Attention: Economic Crises, made unavoidable by the Federal Reserve, create a larger wealth gap, further benefiting the globalist elites.**

### 3. Central Bank Digital Currencies & the Pirate Money Solution

As a ‘solution’ to economic crises, the globalist elites will offer a way out. Central Bank Digital Currencies (CBDC) have already been developed and deployed in nations like China.

Under CBDC, the organization that controls the currency controls every single dollar. This means they are technically allowing you to use their money, you don’t own it.

If you were to try and spend that money in some way they deemed inappropriate (like funding an opposing political campaign) they can remove the dollars from your account and restrict your access to future funds.

This next stage in the predatory class’s plan for global dominance would mark the end of liberty and the introduction of a new tyranny unlike anything we have witnessed before.

“Pirate Money is all about individual choice. You don’t have to stay in the Federal Reserve System. You can have state-based, gold and silver. You could transfer it electronically, or you could write checks, or you could hold it physically. But the point is, it’s real money.” –Kevin Freeman

The vision of Pirate Money is to return power to the states using Article 1, Section 10 of the Constitution to develop state-based gold and silver currencies for the modern world.

These state-based currencies would allow the average American to buy and sell using gold and silver, protecting them from the globalist plans for CBDC and the dangers of the Federal Reserve.

**Attention: The US Dollar has been debased and the threat of CBDC and government control looms, but there is a solution: Pirate Money, State-based transactional gold and silver.**

## **ACTION STEPS:**

1. Read “[The Creature from Jekyll Island](#)” to understand the origins and impacts of the Federal Reserve.
2. Read Kevin’s new book [Pirate Money](#) to understand a solution to Central Bank Digital Currency.
3. Advocate for monetary policies that promote equitable economic opportunities and address wealth disparity.
4. Engage with local representatives to enact laws in your state similar to those proposed in Texas and other states.
5. Stay informed about federal plans for CBDCs and advocate against policies that threaten economic liberty.
6. Write to your Congressional representatives demanding transparency and opposition to restrictive monetary policies.

## **ONGOING ACTION STEPS:**

1. Seek opportunities to inspire other Americans to stand up for what is right.
2. Send them this Economic Battle Plan™ and ask them what they are doing to stand for America and Liberty!
  - » Elect Politicians that understand the need to preserve American Liberty.
  - » Encourage and ask your elected officials to educate themselves.
  - » Ask them how they are working to strengthen our education system and reverse the push for Marxist indoctrination. These are big issues, if your representatives are not aware and working toward solutions directly or indirectly based on their committees, hold them accountable!
3. **Watch out for programmable money. The Dollar is being attacked and the WEF is working toward The Great Reset. We want to see the dollar stay strong by acting on the items above. We also believe it is good for Americans to diversify and have other options to pay with transactional gold. Prepare your money for the economic war.**

Your support for Transactional Gold and Silver Currency is critical! We have legislation advancing in 20+ states! Learn about progress in your state at <https://transactionalgold.com/> and click the “Active States” button in the upper right-hand corner.

4. Check your investments to see if they are helping fund the agendas of Globalist Elites. If you have a financial advisor insist that they give you an update and encourage them to become part of the NSIC.

Seek out investment opportunities in patriotic innovations. Financial Advisors can learn more at [www.NSIC.org](http://www.NSIC.org). Weaponize your money, your investing, spending, and giving!

**ATTENTION: Clients already with a Financial Advisor** - Make sure your financial advisor has your values and interests at heart. Make certain they really understand what ESG investments mean for our future. Suggest that they become part of the NSIC institute and nominate them to participate in our online certification at <https://www.economicwarroom.com/advisor>.

5. Be certain to buy Kevin's new book, *Pirate Money: Discovering the Founders' Hidden Plan for Economic Justice and Defeating the Great Reset*. Learn more at [www.PirateMoneyBook.com](http://www.PirateMoneyBook.com).

In the **Economic War Room**®, we encourage Americans to be the “little ships that make the difference.” You cannot solely rely on the government or the president to solve America’s problems. You have to make a difference. It is up to you to help take our country back and create a voice for economic liberty. [The little ships are based on Churchill’s Operation Dynamo that rescued the British Expeditionary Forces in the Miracle of Dunkirk.]
