

## Meeting Reagan: A Journey of Inspiration and Heroism

Ronald Reagan, the 40th President of the United States, is best known for his transformative role in ending the Cold War and revitalizing the American economy. His strategic approach to foreign policy, including his firm stance against the Soviet Union and his negotiations with Soviet leader Mikhail Gorbachev, played a crucial role in the dissolution of the Iron Curtain. Reagan's defense initiatives, notably the Strategic

Defense Initiative, and his support for anti-communist movements globally helped shift the balance of power and contributed to the eventual end of the Cold War.

Domestically, Reagan's economic policies, often termed "Reaganomics," focused on tax cuts, deregulation, and reducing government spending. These measures were credited with spurring a period of significant economic growth and reducing inflation, which had plagued the U.S. in the 1970s. Reagan's leadership in promoting conservative values and his efforts to strengthen the U.S. military also left a lasting impact on American political and economic landscapes, solidifying his legacy as a pivotal figure in late 20th-century history.

Around Kevin Freeman's 30th birthday, he had the honor of meeting Ronald Reagan, presenting to him the Adam Smith Award for Individual Excellence in Free Enterprise with Charlton Heston as co-presenter. Freeman shares his excitement about the upcoming movie "Reagan," starring Dennis Quaid as Ronald Reagan, Penelope Ann Miller as Nancy Reagan, and Jon Voight as the KGB agent Viktor

Petrovich assigned to study him. The Reagan story is told through the eyes of Voight's character.

"From dusty small-town roots to the glitter of Hollywood, and then on to commanding the world stage, REAGAN is a cinematic journey of overcoming the odds. Told through the voice of Viktor Petrovich, a former KGB agent whose life becomes inextricably linked with Ronald

Reagan's when Reagan first caught the Soviets' attention as an actor in Hollywood, this film offers a perspective as unique as it is captivating." -[Reagan.movie](#)

Jon Voight joins Freeman in the Economic War Room® with a heartfelt discussion regarding Reagan's influence, communism, and Voight's iconic roles, culminating in a personal invitation to watch "Reagan" in theaters. Have your tickets ready as the film releases nationwide on August 30! Learn more at <https://www.reagan.movie/>. Tickets and showtimes: <https://tickets.reagan.movie/>.

**In this briefing we will discuss the following:**

- » Understanding Leadership During Crisis: The Power of Determination and Resilience
- » The Importance of Understanding International Geopolitics
- » Recognizing the Role of Economic Warfare
- » The Role of Culture in Shaping Public Perception and Teaching Future Generations

**YOUR MISSION:** Learn about the far-reaching and lasting impact of Ronald Reagan's leadership during his presidency and take note of the parallels with the current geopolitical and economic crises we are experiencing as a nation and what possible solutions might be.

 **ATTENTION:** Lessons from Reagan's Presidency can be applied today. Elections have consequences.

**WHY YOU SHOULD CARE:**

- » Learning about great leaders and how they navigated crises holds value for dealing with current challenges. Biopics like the Reagan movie provide an engaging way to learn.
- » It is instructive to glean lessons by studying the character of great leaders like Reagan. Seeing movies as a family provides the unique opportunity to discuss these traits to inculcate them into your children.
- » Those who do not study and learn from history are likely to repeat it.
- » Learning the lessons of the past can greatly benefit both the individual and the nation for those who heed its warnings.
- » Modeling the policies and practices of great leaders from the past can have a tremendous positive impact on navigating current issues.

Ep. 8-307 (OSINT) Open-Sourced Intelligence Report. This briefing includes a conversation between Kevin Freeman and Jon Voight. Voight is a friend of the Economic War Room® and an American Patriot.

Jon Voight, a distinguished American actor, has earned acclaim for his diverse and powerful performances across film, television, and stage. With a career spanning over five decades, Voight won an Academy Award for Best Actor for his portrayal of a troubled Vietnam War veteran in the 1978 film *Coming Home*. He also garnered critical praise for his roles in *Midnight Cowboy* and *Runaway Train*, showcasing his remarkable range and depth. Voight's work in film and television has earned him numerous other accolades, including four Golden Globe Awards and several Emmy nominations.

Beyond his acting career, Voight has been active in various humanitarian and political causes. He has been a vocal advocate for conservative values and has used his platform to address issues such as veterans' rights and cultural preservation. His contributions to both the arts and public discourse have solidified his reputation as a prominent and influential figure in Hollywood.

## 1. Understanding Leadership During Crisis: The Power of Determination and Resilience

Understanding how previous leaders have handled crises helps inform current and future decision-making. Learning about Reagan's strategies during times of national turmoil such as the Cold War, energy crisis, and economic challenges offers valuable lessons in leadership and policymaking.

Reagan's story highlights the importance of determination and resilience, traits that are essential for personal and national success. By learning from his life, individuals can find inspiration to overcome their own challenges. Reagan experienced challenges at every stage of his life and used those lessons to his advantage for future actions.

"I was a lifeguard on a river, and I learned how to read the currents. Not just the ones on the surface, but also the ones deep underneath the water. I am about to start the biggest war of this century, and I'm not going to fire a single shot." –President Reagan (from the Reagan Movie)

Great leaders can provide strength, stability, and encouragement to a nation at challenging times. For example, during Reagan's presidency, the Challenger disaster happened when it exploded, and the entire crew was lost.

“[President Reagan] would talk to the country and, for instance, the Challenger disaster. When that happened, it was quite a shock to all of us. And he came on the air and his speech was so beautiful, so positive, so loving, and so appropriate to talk about the heroes of that disaster and what that space movement meant to people... and the character of the people involved, and heroism, and how it’s needed always and sometimes sacrifice is needed. It was a wonderful speech...I remember all those times when he would step up and you knew you had a strong voice and a spiritual voice in a very gentle and clear way that gave us all an uplift at times of difficulty.” –Jon Voight

**Attention: Great leadership often not only impacts the success or failure of an idea or undertaking, but greatly influences the morale of the people involved, inspiring strength and resilience.**

## 2. The Importance of Understanding International Geopolitics

Reagan’s diplomacy, including his efforts to end the Cold War, underscored the significance of strong international relations. Understanding these dynamics is crucial in today’s globally interconnected world.

Rather than placation and appeasement, Reagan subscribed to the philosophy of “Peace through Strength.” His resolve led to the fall of the Iron Curtain and the dissolution of the Soviet Union bloc.

The seminal Reagan quote from this era is, “Mr. Gorbachev, tear down this wall.”

“Ronald Reagan was a wonderful guy to come in at a very specific time when we were at a low ebb. And he brought the country back to where it should be. And he did so many things. Of course, he was the one who brought down the Soviet Union, which was a big deal. He understood communism and its dangers.” –Jon Voight

Currently, Russia has regained economic strength and is using influence around the world for nefarious purposes.

In the past decade, Russia has invaded two sovereign nations to regain territory. This contributed to instability in the world economy as many countries in Europe had become dependent on Russian oil and gas.

Thus, they too have suffered from the consequences of sanctions. Learning from the past lessons of failed policies exacerbated by weakness could have prevented some of this turmoil.

Understanding geopolitics is crucial for our leaders to develop strategies to counter the influence of bad actors such as Russia and China while promoting and protecting America's interests around the world.

**Attention: Modeling the policies and practices of great leaders from the past can have a tremendous positive impact on navigating current issues. Lessons from the past may not always ward off doom, but they can provide insights into the present and even the future.**

### 3. Recognizing the Role of Economic Warfare

President Reagan understood the importance of the economy and within that, the powerful role of the free market. When he met Kevin Freeman, Reagan explained that his main role was to “get the government out of the way,” so good people and the free market could restore American economic strength.

He understood that central planning and excess regulation were choking growth. He knew that the Soviet socialist approach (communism) was destined for failure. He also understood that the American people had been lulled into adopting socialism under Carter, leading to serious inflation and economic malaise. The key to Reagan's success in the economy and

foreign policy was the outright rejection of failed socialist policies, replacing them with freedom. Reagan was the original “Make America Great Again” president and even had that as a campaign slogan.

Reagan also understood that foreign nations would erode the American economy when allowed to do so. He strengthened American policy and worked with other nations to counter the Soviet bloc threat.

This was a sharp contrast to his globalist predecessor, President Carter, who toppled the Shah of Iran, leading to a Middle Eastern hostage-taking. Carter trusted globalist institutions while Reagan trusted American families.

At his core, Reagan knew that what was good for American families was good for our economy and this strengthened our position in the world.

NOTE: We have featured our friend Roger Robinson in the Economic War Room multiple times. Robinson was the architect behind many of Reagan’s economic warfare policies.

#### **4. The Role of Culture in Shaping Public Perception and Teaching Future Generations**

Cultural representations like movies play a vital role in shaping public perception and understanding of historical and political events. By engaging with these narratives, audiences can gain a nuanced understanding of history and its relevance today.

“[Young people] can learn what the presidency is all about and see the challenges that almost daily invade the Oval Office. And how a man of great talent, who is destined for the job, handles all of these difficulties. ...Life is full of challenges, and young people sometimes think they’re going to get to a place where there are no challenges. There are challenges continuously, and especially in the office of the United States presidency. And you see this man, how he sailed those waters pretty beautifully.” —Jon Voight

The use of movies as a learning tool to understand different perspectives and historical contexts is a valuable exercise.

Educating younger generations about influential leaders helps instill values of leadership, patriotism, and critical thinking. By learning about figures like Reagan, future leaders can be both inspired and informed.

**⚠ Attention: Documentaries and movies can play a key role in documenting history, teaching valuable lessons, and influencing culture in positive ways.**

## **ACTION STEPS:**

- 1. Take your friends and family and go see the Reagan movie. It is in theaters starting August 30th. Learn more at <https://www.reagan.movie/>. Tickets and showtimes: <https://tickets.reagan.movie/>.**
- 2. Learn from the principles of peace through strength, reduced regulation, and getting government out of the way. Vote accordingly. Socialism fails every time. We must learn from history or be doomed to repeat it.**
- 3. Introduce historical figures to younger audiences: Watch films like “Reagan” with younger family members or students and discuss the key themes. Read and share biographies about historical figures such as Ronald Reagan to learn about their character qualities and leadership styles.**
- 4. Watch other historically significant films: Use movies as a learning tool to understand different perspectives and historical contexts. Discuss these films with your children and grandchildren about the themes, lessons, and relevance of historical movies.**
- 5. Read about Reagan’s policies and speeches to provide a comprehensive understanding of how he addressed the critical issues of his time.**
- 6. Stay informed about global politics: Follow international news and read analysis on current foreign policy issues. Engage with and support groups that advocate for sound international policies and relations.**

## **ONGOING ACTION STEPS:**

- 1. Seek opportunities to inspire other Americans to stand up for what is right.**
- 2. Send them this Economic Battle Plan™ and ask them what they are doing to stand for America and Liberty!**
  - » Elect Politicians that understand the need to preserve American Liberty.
  - » Encourage and ask your elected officials to educate themselves.
  - » Ask them how they are working to strengthen our education system and reverse the push for Marxist indoctrination. These are big issues, if your representatives are not aware and working toward solutions directly or indirectly based on their committees, hold them accountable!

3. **Watch out for programmable money. The Dollar is being attacked and the WEF is working toward The Great Reset. We want to see the dollar stay strong by acting on the items above. We also believe it is good for Americans to diversify and have other options to pay with transactional gold. Prepare your money for the economic war.**

Your support for Transactional Gold and Silver Currency is critical! We have legislation advancing in 20+ states! Learn about progress in your state at <https://transactionalgold.com/> and click the “Active States” button in the upper right-hand corner.

4. **Check your investments to see if they are helping fund the agendas of Globalist Elites. If you have a financial advisor insist that they give you an update and encourage them to become part of the NSIC.**

**Seek out investment opportunities in patriotic innovations.** Financial Advisors can learn more at [www.NSIC.org](http://www.NSIC.org). Weaponize your money, your investing, spending, and giving!

**ATTENTION: Clients already with a Financial Advisor** - Make sure your financial advisor has your values and interests at heart. Make certain they really understand what ESG investments mean for our future. Suggest that they become part of the NSIC institute and nominate them to participate in our online certification at <https://www.economicwarroom.com/advisor>.

5. Be certain to buy Kevin’s new book, *Pirate Money: Discovering the Founders’ Hidden Plan for Economic Justice and Defeating the Great Reset*. Learn more at [www.PirateMoneyBook.com](http://www.PirateMoneyBook.com).

---

In the **Economic War Room®**, we encourage Americans to be the “little ships that make the difference.” You cannot solely rely on the government or the president to solve America’s problems. You have to make a difference. It is up to you to help take our country back and create a voice for economic liberty. [The little ships are based on Churchill’s Operation Dynamo that rescued the British Expeditionary Forces in the Miracle of Dunkirk.]

## SHAREABLE QUOTES:

“Freedom is never more than one generation away from extinction. We didn’t pass it on to our children in the bloodstream. The only way they can inherit the freedom we have known is if we fight for it, protect it, defend it, and then hand it to them with the well fought lessons of how they in their lifetime must do the same. And if you and I don’t do this, then you and I may well spend our sunset years telling our children and our children’s children what it once was like in America when men were free.”

– Ronald Reagan - 40th President of the United States (1961)

“How do you tell a Communist? Well, it’s someone who reads Marx and Lenin. And how do you tell an anti-Communist? It’s someone who understands Marx and Lenin.”

– Ronald Reagan - 40th President of the United States (1987)

“The nine most terrifying words in the English language are ‘I’m from the government, and I’m here to help.’”

– Ronald Reagan - 40th President of the United States (1986)

I want you to know that also I will not make age an issue of this campaign. I am not going to exploit, for political purposes, my opponent’s youth and inexperience.

– Ronald Reagan - 40th President of the United States

(During the Second Presidential Debate against Walter Mondale on October 21, 1984)

“Ronald Reagan was a wonderful guy to come in at a very specific time when we were at a low ebb. And he brought the country back to where it should be. And he did so many things. Of course, he was the one who brought down the Soviet Union, which was a big deal. He understood communism and its dangers.”

– Jon Voight, Actor, *Reagan Movie*

“It seems like, as much as Reagan did economically and economic warfare to bring down the Soviet Union and tear down the wall, he demoralized them at the same time by showing that liberty really is better.”

–Kevin Freeman, CFA and Host, Pirate Money Radio
