

America's Path to Redemption

We are at a critical juncture in our nation's history. The very fabric of our society is under siege from ideological movements and policies threatening to erode the values upon which our great nation was built. Our way of life is crumbling as the middle class disintegrates, and the grip of the globalist elites tightens.

In times like these, we are reminded of the paramount importance of liberty and the pressing need for virtuous and religious revival. The Founding Fathers designed our Constitution to withstand trying times, if there were Americans who were willing to fight, and sacrifice, for liberty. It is a republic, if we can keep it.

In this briefing we will discuss the following:

- » The Existential Struggle for Liberty
- » Threats from Within – Cultural and Moral Decline
- » The Right-Wing Revolution - Religious and Moral Revival

YOUR MISSION: Learn about the war for the heart of our nation and what needs to be done to save it.

 **ATTENTION:** American culture is in decline but can still be saved from destruction.

WHY YOU SHOULD CARE

- » Failure to uphold core American values and principles leads the nation towards a decline similar to that of other great civilizations, resulting in the loss of liberty and prosperity.
- » The decline in religious and moral values directly correlates with a loss of liberty. As society moves away from these core principles, it risks becoming less free and more authoritarian.

- » An un-American oligarchy has formed and is running the country as the elites see fit, regardless of the views of the American people.
- » Wokeism lies that our nation is broken beyond repair when in fact our nation is ripe for revival.
- » A Right-Wing Revolution is already underway and with it will come a great and bright future as the nation returns to Godly virtue and liberty is restored and respected for its true purpose.

Ep. 8-312 (OSINT) Open-Sourced Intelligence Report. This briefing includes a conversation between Kevin Freeman and Charlie Kirk. Charlie is a friend of the Economic War Room® and a patriot.

Charlie Kirk is the Founder and President of Turning Point USA, a national student movement dedicated to identifying, organizing, and empowering young people to promote the principles of free markets and limited government. With a presence on over 3,000 high school and college campuses nationwide, over 650,000 lifetime student members, and 450 full- and part-time staff across the country, Turning Point USA is the largest and fastest-growing conservative youth activist organization in the country. At just 30 years old, Charlie has done thousands of media appearances, and his writings can be seen on Fox News, The Hill, RealClearPolitics, Newsweek, The Washington Times, Breitbart, American Greatness, Daily Caller, The American Mind, The Washington Post, and Human Events.

His social media reaches over 100 million people per month and Axios has listed Charlie as one of the “top 10 most engaged” handles in the world. Charlie is the host of The Charlie Kirk Show podcast, which was downloaded over 120 million times in the last 12 months and regularly ranks among the top 10 shows on Apple News podcast charts. 1. The Existential Struggle for Liberty

In the earliest days of the American colonies, settlers traveled thousands of miles over treacherous seas with their eyes set on one prize: Liberty.

The American colonies were a place of religious freedom where one could serve God and build a better life for themselves and their progeny.

This was not some fanciful dream filled with the greed and lust of men; it was a divine dream of building a better world for all people.

Liberty is God's idea, entailing not just freedom to do as one pleases but the ability to do what one ought to do.

“Liberty is God's idea, not man's idea. And liberty is the ability to do what one ought to do, not just the freedom to do whatever you want to do whenever you want to do it. And liberty in its core is given by your Creator. Our founding fathers understood that which is why our declaration and our charter as a country, our birth certificate, is so unique. The question in front of us right now is whether or not the Founding Fathers were right.” –Charlie Kirk

Generations of Americans have sacrificed everything to water the Tree of Liberty and preserve it for future generations, often giving the tree new life and expanding liberty so more could enjoy the fruit and shade of her branches.

Today, their sacrifices are taken for granted as liberty is abused by a generation that has become fat and drunk on the fruit of the tree, without replenishing the soil.

This has allowed for a shift toward an oligarchical system where a small group of unelected individuals holds most of the power and undermines democracy destroying the concept of self-governance.

“We are in an oligarchy where a small group of unelected people call the shots... an oligarchy doesn't listen to the masses; they do what's best for themselves. So, there are 10 or 12 families that call the shots in this country: the Schumers, the Pelosis, the Obamas, the Soros'... And the rest are just Russian serfs. You'll own nothing, and we will dominate the country. Donald Trump represents a once-in-a-generation revolution against the American oligarchy.” –Charlie Kirk

The founders of our nation warned of this threat and designed our Constitution to provide protections against it and solutions if it went too far.

⚠ Attention: The Tree of Liberty which shelters and feeds the American Dream is under attack as globalist elites seek to keep the American people from understanding and living out their liberties.

2. Threats from Within – Cultural and Moral Decline

The rise of such an oligarchy came through deception and apathy. The American people, like the people of Rome, were distracted by entertainment through Sports, Video Games, Reality TV, Music, etc. while elites passed legislation that slowly took power from the people.

Societies historically take their own lives through internal decline. America's current path mirrors this through moral degradation, economic instability, and societal fragmentation.

There is a recognition that left-leaning ideologies and policies are leading America toward an existential crisis, pushing narratives that America is irreparably flawed.

“If we're going to lose our liberty, it would be by suicide. And, unfortunately, it seems like one of the two political parties is the party of assisted suicide.” –Kevin Freeman

Not only is it a total lie that America is irreparably flawed, but America is perhaps the most morally upright nation the world has ever seen. This is why the forces of evil are so desperate to destroy our country.

Wokeism involves calling something unjust or racist until control is gained. Its core drives are power and Marxist ideology aiming to subjugate the masses.

Woke ideologies lead to increased division, economic instability, and moral decay by prioritizing power over truth, beauty, and goodness.

Ironically, this is done in the name of unity, economic justice, and progress.

Wokeism comes straight out of Goebbel's playbook, accusing your enemy of that which you, in fact, have done.

(NOTE: Paul Joseph Goebbel was the chief propagandist for the Nazi party, and then Reich Minister of Propaganda from 1933 to 1945. Wiki)

It will call good evil and evil good. This warping of the truth is no accident; it is an intentional coup of morality and culture with the goal of overthrowing the greatest nation the world has ever seen.

"It is a spiritual war at its core. But liberty will no longer be a value that people demand, if they no longer acknowledge where liberty comes from, which is a sovereign Creator. You know, we look to the scriptures, you have to ask the question, 'Do people want to be free?' And the answer is no, they want to be taken care of. They must be taught to be free." –Charlie Kirk

The consequence of liberty is personal responsibility, not just for your own actions but for liberty itself. Liberty is bigger than any one person. It will give you everything, but it will cost you everything.

Many people are unwilling to take on responsibility and would rather enjoy the fruits of other people's labor, even the labor of those who died to make liberty a reality today.

Attention: Wokeism is a cancer, spreading through our culture and feeding off the comfortable complacency of the American people, suffocating the things that made America the greatest nation in the world.

3. The Right-Wing Revolution - Religious and Moral Revival

Responsibility is the ability to respond. Liberty demands that those who are able to respond make any sacrifice necessary to preserve and improve liberty for all people.

“Liberty in its core is given by your Creator...the Founding Fathers were right and famously, they said that the Constitution is written wholly for a moral and religious people and is wholly inadequate for the people of any other.” –Charlie Kirk

To have liberty is to live in the gift and grace of God, and so it is necessary to do with it what God would have you do.

The decline of religious adherence in the US has led to the rise of these counterfeit ideologies of Wokeism.

Remembering and prioritizing God's teachings is essential for societal rejuvenation as the U.S. Constitution is effective only for a moral and religious people.

The US Constitution was designed for a Christian nation where the people shared a moral code and worldview that made such a form of government viable.

Current societal shifts present a challenge to the applicability of our Constitution as the majority of the people can no longer be trusted to do what is right for others as they have become selfish.

“As the West becomes more secular, and it no longer has a belief in an all-knowing, personal God - a God that cares about you and knows the hairs on your head and the steps that you will take, a God that is nurturing and is there for you - but instead has a belief that you could do whatever you want to do whenever you want to do it. We now have these counterfeit religions that have filled the void: the cult of anti-racism; we have the religion of transgenderism; the religion of scientism; the religion of earth worship. And America is in a far worse spot because of it.” –Charlie Kirk

There is a great need for a Right-Wing Revolution, a complete transformation of the values and worldview held by our nation as a whole. These evil ideologies must be done away with, and the idols of demonic worldviews must be toppled.

Throughout scripture and history, God has used a small remnant of people to change the world. Today, as we face the treachery of Wokeism and an un-American oligarchy, we must band together and fight for liberty.

If the remnant will lead, the people will follow.

Charlie Kirk and his team are an example of this. They chose to commit their lives and lead. Now hundreds of thousands of young patriots have been raised up who are unwavering in their fight for liberty. May this movement continue to grow!

The earliest fruits of a Right-Wing Revolution can already be seen, but how much better could it become?

“Church attendance would go up. Family formation would continue. Young people would get married at younger ages. The fertility rate would be reversed. We would have less looting, less murder, and less stealing. And I tell people, let’s look at the Ten Commandments... No gods before me. No idols. Don’t take the Lord’s name in vain. Honor the Sabbath. Honor your mother and father. Do not murder. Don’t commit adultery. Do not steal. Don’t bear false witness. Do not covet... A Right-Wing Revolution would be honoring those.” –Charlie Kirk

A Right-Wing Revolution would restore our nation to its roots and build a future brighter than ever before.

A nation of liberty, driven by love for one another and adherence to the Ten Commandments, is the vision the founders of our nation shared, and that dream can be made a reality again.

Attention: America needs a moral and spiritual revival and the roadmap to such a transformation can be found in Charlie Kirk’s new book [Right Wing Revolution: How to Beat the Woke and Save the West.](#)
