

Background Briefing: The Red Green Axis is collusion between elements within the radical Democrat Party, American Communists, Socialists, radical Islamic Jihadists, and other progressive groups. Their goal is to alter and undermine America's culture, traditions, and laws so they can overthrow our Constitutional republic without firing a shot. Your briefing covers what is really happening behind the scenes on mass migration today. It is part of the economic war on America and you!

"It was the Arab Spring in 2011 and I was watching television. It was kind of an amazing event. You saw mass riots and protests in Tahrir Square with people begging for the end of the Hosni Mubarak regime. I saw an interview with two young women. They were lesbians, and they were pushing to remove Mubarak and to replace him with the Muslim Brotherhood. And the question the reporter asked is, 'Why in the world would you support the Muslim Brotherhood? Aren't you lesbians?' They replied, 'Oh, absolutely. But they (the Brotherhood) are such good organizers that we're going to stand with them. They're going to bring us freedom.' I don't know what happened after that. I'm sure it was tragic when the Muslim Brotherhood took over..." -Kevin Freeman

Your Mission: To better understand the Red Green Axis, Mass Immigration and the implication to US National Security and your economic freedom.

Have you ever wondered why radical progressives and Sharia supremacists seem to work together?

Ep. 2.62 (OSINT) Open Sourced Intelligence Briefing with highlights. This includes quotes and summaries of conversations in the *Economic War Room with Kevin Freeman* and Jim Simpson. Jim was formerly with Office of Management and Budget, one of the most powerful offices in all of Washington. He is an investigative journalist that previously connected the dots on the Cloward-Piven strategy in the US and is now showing America the truth behind the Red Green Axis.

“The Red Green Axis is the collusion between the REDS, which are communists, the socialists, the leftists of all stripes and the GREEN, which are the Islamists, the Muslim Brotherhood primarily, but also the Organization for Islamic Cooperation. Really, the GREEN is all of the various large Muslim Brotherhood and Muslim organizations that are intent on imposing Sharia throughout the world.” - Jim Simpson

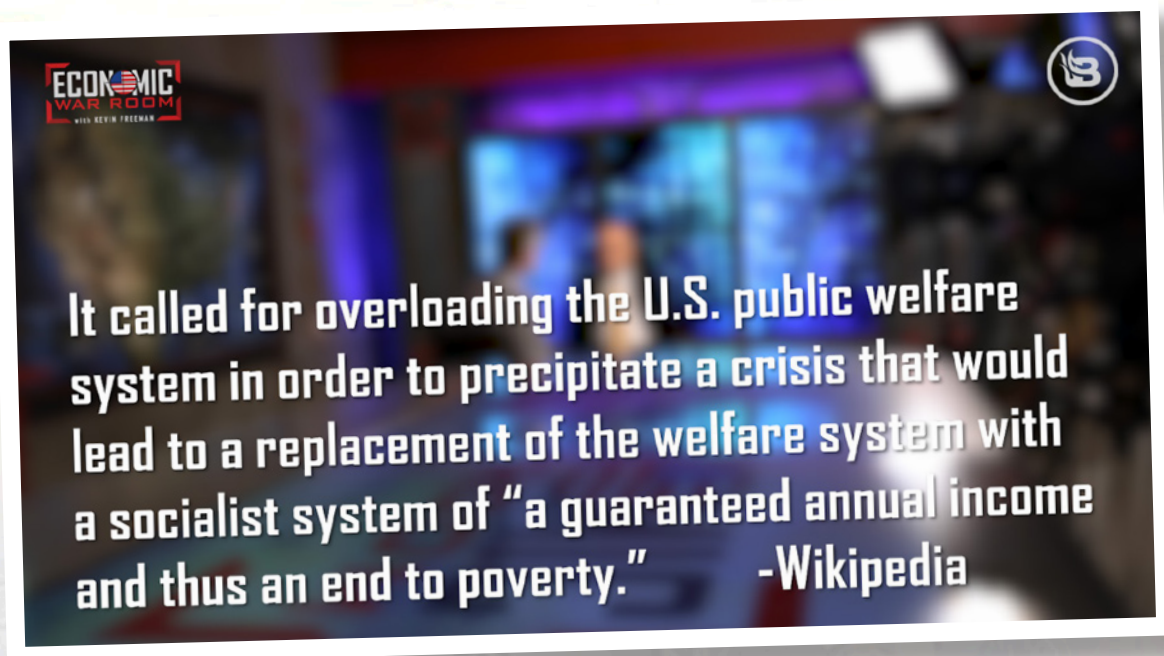

1. The real immigration strategy of the progressive left.

- » It's the classic Cloward-Piven strategy.
- » In 1966, their idea was to pack the welfare rolls with so many people that government would literally collapse. And in the ashes, they could create a proposed socialist redistributionist government from their chaos strategy.
- » There are multiple adaptations but the goal is always to create chaos and overwhelm the system, so they can take advantage of it and move forward with their communist/socialist agendas.

2. This strategy is now being applied to immigration law.

- » Cloward and Piven were the Authors of the motor voter law, the National Voter Registration Act in 1993, signed by President Clinton.
- » It brought about the creation of ACORN, birthed from Richard Cloward and Wade Rathke (ACORN founder).
- » Antifa is another outtake of this movement. They are street thugs working on behalf of the RED/GREEN axis agenda and threatening the use of force.

“They’ve used ACORN to attack the voting system via massive, often fraudulent, registrations. And ACORN was very heavily involved in the subprime mortgage crisis, which I argue was also a version of the Cloward-Piven strategy. And the latest application of this is immigration, overwhelming borders globally and in our country with countless problems.” –Jim Simpson

Noting Cloward-Piven Strategy:

“All of this led up to President Barack Obama. All of it led up to massive change in our society, the way that we view things. Even the words that we are allowed to use have been changed because of this Cloward-Piven strategy. And you’re the guy that brought this to the attention of people like Glenn Beck... And you’re now talking about how the RED side with all the Democratic socialists coming together with the radical Sharia supremacist GREEN side.” -Kevin Freeman

The Poster Child for the Red Green Axis

“Osama bin Laden, in an interview that was broadcast on Al-Jazeera, said in the interests of our agenda (essentially spreading Islam throughout the world), we see no problem in colluding with the socialists. That is even though we recognize that the socialists are infidels. He said that. I’m paraphrasing, but that’s basically what he said.”

- Jim Simpson

3. CAIR and the Council on American Islamic Relations* – (IMPORTANT There are many peace loving American Muslims, the highlighted references below are specifically in regards to the Muslim Brotherhood and CAIR organizations.)

- » Make no mistake, CAIR is not a civil liberties group for Muslims, they do not stand for civil liberties at all.
- » The United Arab Emirates in 2014 declared the Muslim Brotherhood a terrorist group.

- » It is not anti-Muslim to call CAIR out because Muslims in the United Arab Emirates and multiple other Arab nations have also declared them a terrorist group.

“CAIR, the Council on American Islamic Relations, is actually the United States front for the Palestinian terrorist group Hamas. And that’s not disputable.” –Jim Simpson

Another Example

“ISIS and al-Shabaab, the Somali terrorist group al-Shabaab, were recruiting Muslims in the U.S. A lot of the largest recruitment effort was going on in Minneapolis, Minnesota. CAIR warned Somali Muslims not to tell the FBI that was going on, and the Somali Muslims called out CAIR publicly. CAIR was facilitating the recruitment of their sons for ISIS and Al Shabab, and they protested them publicly. They called out CAIR as fraudulent.” –Jim Simpson

4. Using RED Tactics to silence your opponent – Examples of how it is used today.

- » **How to defame and marginalize opponents the communist (RED) way.**

Vladimir Lenin, the first Soviet leader developed this tactic. They pushed a narrative out to the communist parties of the world throughout the following decades, saying if your opponents give you too much trouble, call them Nazis. Call them anti-Semites. Call them any name. Call them any name that already is associated with a bad smell in the public mind. And after a while, it would become true in the public mind.

- » **Using Lenin tactics, you can see why CAIR’s favorite term now is Islamophobia.**

"If you say the words Islamic terrorism, if you say jihadi terrorism, if you say violent jihad, then any of those words are by definition Islamophobic and you have to stop your hate."

Even if you're Muslim their rules apply to you.

"One of the Somali Muslims from Minnesota that called out CAIR was listed as an Islamophobe in their 2013 Islamophobia Report . He was targeted simply for calling them out when his nephew was murdered by al-Shabaab for not wanting to join."

College Case Study: How Partisan Tolerance got started, and opposing opinions are silenced. (More RED Communism tactics in our colleges and the SPLC)

Herbert Marcuse, a member of the Communist Frankfurt School in Frankfurt, Germany. He came to the United States, took over the Columbia Teachers College. And began teaching future college professors what we now know is cultural Marxism.

Herbert Marcuse, created the concept Partisan Tolerance:

Partisan Tolerance - which is tolerance of the left ideas only and complete intolerance of the right.

- » His definition included intolerance. Right down to thought. He said that the left didn't get enough publicity in the 1960s.
- » In order for the left to get its ideas across, there had to be a complete suppression of ideas that opposed it, just like what Lenin said. So it was complete suppression of ideas from the right and allowance only of ideas from the left.

Marcuse worked very closely with Julian Bond, which was the co-founder and lifelong board member of the Southern Poverty Law Center.

They co-founded "In These Times," a communist newspaper. They worked on the National Council for New Politics, which was labeled a communist group by a sitting senator at the time. They worked together for years.

Marcuse was a mentor to Angela Davis (University of California Professor emerita -Marxist, member of Communist USA) and Julian Bond (professor, social activist and Angela Davis supporter, even writing the forward to her book). And so they worked together for years.

THE SPLC - Political Tolerance was transferred to the Southern Poverty Law Center (THE SPLC) and it became the institutional strategy of silencing opponents. Today this group has a half a billion dollars, most of it kept offshore.

5. How Russia and Islam are reshaping Europe - European Caravans are part of the Red Green Axis

"The caravans pretty much are the Red-Green axis in action. I mean, you have to think what happened in Europe was not a mistake. What happened in Europe was a deliberate strategy, I believe, masterminded by the Russians to essentially invade and overtake Europe with a massive Cloward-Piven's strategy." -Jim Simpson

A Look at how the Cloward-Piven strategy is working in Germany with immigration. Highlights from Jim Simpson's investigative reporting showed:

- » It was facilitated by Angela Merkel, who most people think is a West German conservative leader.

- » She was born and raised in East Germany and was a communist youth leader.
- » She has never changed her stripes. And when she took over in the West, her government in Germany, she was doing the bidding of Putin by opening the doors and keeping them open.
- » You can see the destruction that it's caused throughout Europe. The migrant caravans were the follow on to that. The migrant caravans were not spontaneous. They are heavily organized.
- » There are dozens of tax-exempt groups from America and from Central America working to help them.
- » There are five U.N. agencies facilitating the migrant caravans to the borders of the United Nations members.

There are also religious groups using your tax dollars to fund this as well.

- The Catholic Legal Immigration Network -CLINIC for Short, receives government funding and it works closely with these organizations.
- The Ford Foundation provided \$2.9 million since 2011.
- The Illinois Coalition for Immigrant and Refugee Rights is 80 percent funded by the Illinois government, which is bankrupt, essentially. That doesn't matter to them.

They find the money somehow and they in turn provide money to Centro Sin Fronteras.

This is a shell game because it starts at one place and goes to another, then goes to another and goes to another. And the final end point are these small tax exempts maybe getting a few hundred thousand each that have activists on the ground doing the work. But in aggregate, there's huge money behind it.

- The biggest U.N. agency working along our border is a U.N. High Commission for Refugees.

- > **Thirty seven percent of this UN agencies total budget now comes from U.S. taxpayers.**
- > **China and Russia, who conceivably become the biggest beneficiaries of the collapse of our nation, provide 0.004 percent.**
- > **Our US tax dollars, your money is being used to fund our own attack! This is not about compassion, but a strategy to overwhelm America's republic.**

"So why don't we hear the facts on all this? I mean, immigration's a big issue. It's a hot button issue at every kitchen table. It is a hot button issue in Europe. And yet, if you bring up the idea of immigration, I guess the SPLC seems ready to denounce you as a hater, racist or obviously a bigot." -Kevin Freeman

It gets even worse, there is now a Migrant Compact to stop free speech about migrants.

The Migrant Compact was signed by many nations to erect laws around migrant speech: **(Note: President Trump Refused to Participate)**

"The Migrant Compact calls for nations to erect laws, hate speech laws, against anybody who speaks negatively about migrants. So our conversation here could land us in jail because there are so many negative consequences of this mass immigration. I mean, crime off the charts, welfare use." -Jim Simpson

6. The objective of massive immigration: overwhelm the system and create chaos.

Just a look at what is happening in our schools, let alone other government welfare groups.

- » Our US school systems now teach to over 400 different languages.
- » Any one school can have up to 120 languages spoken.
- » Schools in Los Angeles have up to 30 percent of the student body speaking English.
- » Some languages are not even translatable because the teachers have no experience with them.

not

"It's great that we become bilingual or even multilingual. That facilitate all kinds of things for us as individuals. But that's not the purpose here. The purpose here is to create chaos. The purpose here is to make everything so bad that nothing can happen. In Manchester, New Hampshire, for example, the former mayor finally got defeated by a leftist. He complained that 82 languages were spoken in Central High School and Manchester Public Schools, as a consequence, had the lowest school ratings in the state." -Jim Simpson

7. In the Red/Green Access – The Red, the communists, are leading the way.

- » All organizations have a hierarchy, in the Red/Green Axis the communist Red is leading the way.
- » The communists do not get involved in any type of arrangement with anybody else, unless they're 100 percent confident that they are in charge.
- » The top leader, Ali Khamenei in Iran was taught at Moscow University. That's where prominent leftists go to learn communist tactics.
- » Other Muslim leaders have also gone there such as the current commander of al-Qaeda, Ayman al-Zawahiri. He is alleged to have actually been a KGB agent.

Why you should care?

- » Mass immigration and voter fraud is diluting your vote.
- » Freedom of speech is being restricted by SPLC, The Muslim Brotherhood and others using Lenin tactics and false labels.
- » Once you understand the tactics being used against you, it may help you speak out more.
- » Your tax dollars are helping fund mass immigration led by our adversaries to weaken us.

"Our US school system now teaches to over 400 languages."

–Jim Simpson

In the Economic War Room, we encourage Americans to be the “small ships that make the difference.” You cannot rely on the government or the president to solve your problems. You have to make a difference. It is up to you to help take our country back and create a voice for economic liberty.

Action Steps:

Share this battle plan with your friends your US representatives. Without free speech, or with new proposed limited free speech America is in trouble.

1. Go to <https://www.centerforsecuritypolicy.org/wp-content/uploads/2019/06/Red-Green-Axis-5-8-19.pdf> and you can download a free pdf of Jim Simpson's book Red Green Axis 2.0. Or, purchase a printed copy from Amazon (<https://www.amazon.com/Red-Green-Axis-2-0-Existential-Civilization-ebook/dp/B07STGPF8P/>).
2. **Your vote matters more than ever if we are to stand for freedom and Americas founding values.** There are reports of mass registration efforts regardless of citizenship. Stand up for what you believe. 40 million Christians are not voting. 15 million are not even registered to vote.
3. **Send our this battle plans to friends and help them understand what is really at risk! Look at the data and footnotes. This is not about being anti-immigration, or some type of phobia. It is the manipulation of the left to create chaos and keep people afraid of speaking out against the Chaos being created.**
4. **Support legal immigration with assimilation.** That is what made America the economic and liberty leading nation that it is. But we will not succeed if we abandon the principles that made our nation great in the first place.

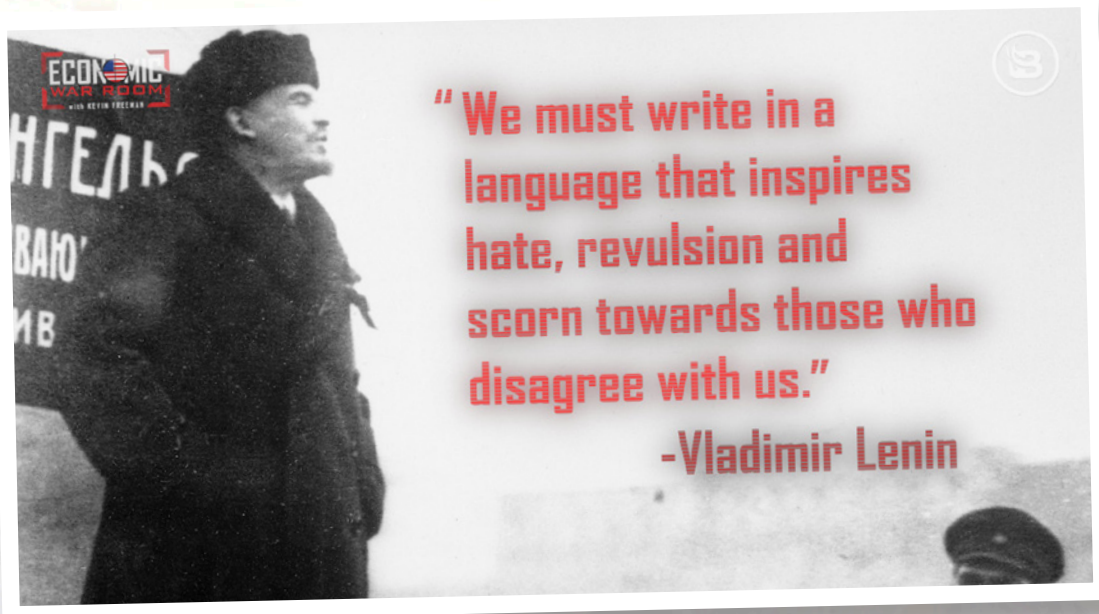

We need more Economic Patriots on the team! Consider what you can do now to help strengthen America or even help someone in need. Keep in touch with your congressional representatives. Choose from the list or set your own goals:

- Get others to sign up on our website (<https://www.economicwarroom.com>) and review our free weekly Economic Battle Plans™. Each of these will address critical solutions to the threats highlighted in this briefing.
- Subscribe to [BlazeTV](#) and view current and past full episodes.
- Follow, like, comment, and share on [FB](#) and [Twitter](#). Look for short video segments on [FB](#) and make sure those are shared. (We recognize these tools may be compromised at times, but if they are not filtered, they are the major platforms available to reach out to the public. (Alternatives social platforms above are under EWR consideration)
- Check out [XOTV.me](#), a new free speech video platform Economic War Room is proud to partner with. It is free, but consider making a donation to help with Economic War Room's research and production.
- Share this battle plan and our short video segments on [FB](#) or [YouTube](#) with friends. We set up the Economic War Room to be your resource for information, preparation, and mobilization.
- Do this now! Have a financial action plan based on multiple geopolitical scenarios developed now. Advanced preparation is key. Trying to figure what to do when an economic event happens is usually too late.
- Talk with your financial advisor as it relates to your savings/investments. Ensure your advisor understand the potential impact economic/geo-political scenarios could have on your portfolio. [LOOK FOR ECONOMIC WAR ROOM'S ADVISOR AND INVESTOR ONLINE TRAINING COURSES LAUNCHING SOON.](#)

Watch out. Are you being falsely labeled?

“If your opponents give you too much trouble, call them Nazis. Call them anti-Semites. Call them any name. Call them any name that already is associated with a bad smell in the public mind. And after a while, it will become true in the public mind.”

–Paraphrase of Lenin tactic being used today!
