

The Scandal of the Century

In recent years, multiple high-profile political controversies have raised serious questions about the impartiality of U.S. intelligence and law enforcement agencies. Allegations have surfaced that these agencies were used not merely for national security purposes, but to protect favored political figures and undermine political opponents. This pattern represents far more than partisan skirmishing. It suggests the presence of an ongoing “grand conspiracy” in which government power was weaponized to shape elections, control narratives, and compromise the foundational principles of the American Republic. This is the politicization of the Intelligence Community, and it is a direct threat to your personal liberty and the future of our nation.

In this briefing we will discuss the following:

- » The Government-Orchestrated Conspiracy to Undermine Donald Trump
- » The “Grand Conspiracy Case” and Legal Strategies for Accountability
- » Threats to Civil Liberties, Electoral Integrity, and the Constitutional Republic

YOUR MISSION: Understand how the weaponization of intelligence and law enforcement endangers individual liberties and the long-term stability of America’s constitutional system—and equip yourself to defend transparency, demand accountability, and safeguard the integrity of our elections.

WHY YOU SHOULD CARE

- » If intelligence and law enforcement agencies can be used to fabricate charges against a political opponent, any citizen—regardless of political affiliation—could one day be targeted in a similar manner.

- » The outcome of the “Grand Conspiracy Case” could reshape the balance of power between government institutions and the people, setting legal precedents that impact future political accountability.
- » Civil liberties and fair elections are the bedrock of self-government. Understanding how these can be eroded is essential to protecting them for yourself and future generations.

Ep. 9-358 (OSINT) Open-Sourced Intelligence Report. This briefing includes a conversation between Kevin Freeman and John Solomon. John is a friend of the Economic War Room® and an American Patriot.

John Solomon is an award-winning investigative journalist, author, and media executive known for his in-depth reporting on government and political issues. He is the founder, Chief Executive Officer, and Editor-in-Chief of Just the News, a digital news platform dedicated to fact-based, non-partisan journalism.

Solomon began his career at The Associated Press, where he spent more than two decades covering national security, politics, and investigative stories, eventually serving as Assistant Bureau Chief in Washington, D.C. He later held senior editorial positions at The Washington Post, The Washington Times (where he served as Executive Editor), Newsweek/The Daily Beast, The Hill, and Circa News.

Over the course of his career, Solomon has broken numerous high-profile stories on topics ranging from political corruption to national security. He has received multiple journalism awards for investigative reporting and is frequently featured as a guest on national television and radio programs to provide analysis on current events.

Today, through Just the News, Solomon continues to focus on accountability journalism, delivering in-depth reporting on government transparency, political ethics, and matters affecting U.S. constitutional principles.

1. The Government-Orchestrated Conspiracy to Undermine Donald Trump

Over the past decade, America’s political landscape has been marked by high-profile accusations, strategic misinformation, and orchestrated propaganda.

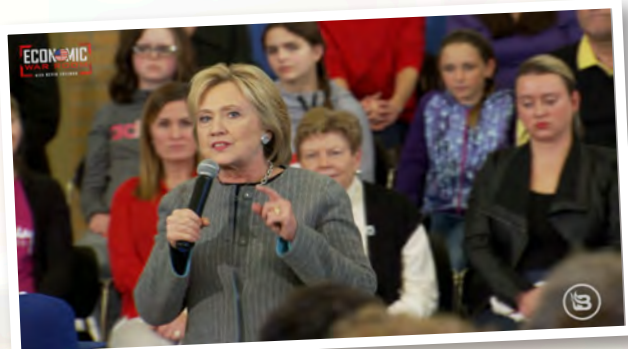

Emerging evidence and whistleblower testimony indicate that the 2016 Russia collusion narrative was not the product of an impartial investigation, but rather a calculated political operation that appears to have been initiated by Hillary Clinton’s campaign.

According to these accounts, the Clinton team—working in coordination with elements of the FBI and CIA—fabricated the “Russiagate” storyline to portray Donald Trump as conspiring with Russia, despite a lack of supporting evidence.

This effort allegedly used the machinery of government to give false claims a veneer of legitimacy, directly targeting Trump's candidacy and subsequent presidency.

The operation reportedly began as a means to divert public attention from Clinton's own email scandal, which involved the mishandling of classified information on a private server—a potential violation of the Espionage Act.

“It was Hillary Clinton coming up with a political, dirty trick to make Donald Trump look like he had a Russia problem when Donald Trump didn't have a Russia problem. But then she enlisted and engaged the use of our intelligence and our law enforcement communities, the FBI and the CIA, to carry out that ruse, to give it legitimacy, to cause people to have their civil liberties violated, to have their freedoms put at risk, to have their reputations destroyed on a false political dirty trick.” —John Solomon

When then-FBI Director James Comey declined to prosecute Clinton, it created the conditions for this broader strategy to take root. The decision signaled that powerful political figures could avoid legal consequences, even when the alleged violations were serious.

That perception of immunity was reinforced by the conduct of FBI officials Peter Strzok and Lisa Page, whose private text messages revealed strong anti-Trump bias while they played pivotal roles in the Crossfire Hurricane investigation.

Their actions, and the perception of partisanship they fueled, further undermined public trust in the impartiality of federal law enforcement.

Together, these events set a dangerous precedent: one in which political operatives, aided by government institutions, can weaponize false narratives to damage opponents, shape public opinion, and alter the course of elections.

The implications of that precedent would ripple far beyond 2016, becoming a central element in what is now being investigated as a broader, decade-long conspiracy. Trump was undermined from the beginning, ultimately leading to his impeachment and lasting into outright lies to prevent his reelection.

Attention: When intelligence and law enforcement agencies are enlisted to legitimize political narratives, it weaponizes government against its own citizens and threatens the very foundation of a free republic.

2. The “Grand Conspiracy Case” and Legal Strategies for Accountability

For most Americans, it was obvious over the last few years that Trump and his team were regularly accused and indicted, meanwhile Hillary Clinton and Joe Biden were both cleared of their crimes.

“Hillary Clinton has a classified email problem. Joe Biden has a corruption problem in Ukraine with his son. Joe Biden has a classified documents problem in his garage, in his private office. And in each of those circumstances, they instead clear those people, don’t give them any consequence, and they use the machinations of government, the FBI, the special prosecutors, the intelligence community to make it look like Donald Trump has a similar or worse problem—in the case of Russia collusion, completely invented; in the case of Hunter Biden, the Ukraine impeachment, completely invented; in the case of the classified documents, yeah, Trump had some classified documents in his place, but he was allowed to declassify and take them—Joe Biden wasn’t. But they criminalized Donald Trump, and they let Joe Biden walk.” —John Solomon

As this two-tiered justice system has unraveled and evidence has been compiled, it has evolved into what is now referred to as the “Grand Conspiracy Case.”

This ongoing FBI investigation is probing a decade-long pattern of alleged government misconduct, tying together events ranging from Russiagate to the Ukraine impeachment and the Mar-a-Lago raid.

The central legal theory holds that these incidents are not isolated, but part of a single,

continuous criminal enterprise under the Racketeer Influenced and Corrupt Organizations Act (RICO), which allows prosecutors to connect separate acts into one cohesive pattern.

“What’s happened is the body of evidence has given rise to an FBI investigation called the Grand Conspiracy Case. And it looks at the last ten years and that wash, rinse, and repeat cycle I just laid out as one ongoing criminal conspiracy to deprive Americans of their civil liberties under the color of government authority.” –John Solomon

By framing these actions as an ongoing conspiracy, prosecutors could bypass the standard five-year statute of limitations, enabling potential charges for conduct dating back to 2016.

The case may also be moved to Florida, a more politically balanced venue, to avoid the heavily partisan jury pools of Washington, D.C.

Such a move would open the door for scrutiny of high-profile figures, including Hillary Clinton, former FBI officials, and intelligence leaders such as John Brennan and James Clapper.

“Well, if you could do that and you absolutely can try it in Florida and the statute doesn’t apply, then you could bring Secretary Clinton, you could bring the FBI leaders, you could bring Brennan and Clapper and all of them in. But you can’t bring President Barack Obama, who likely was a key part of all of this, because he can’t be charged for official acts. So, what do you do with President Obama?” –Kevin Freeman

This strategy could lead to major indictments, sweeping restructuring of intelligence agencies, and even compel sworn testimony from former President Barack Obama—who, due to presidential immunity, could not invoke the Fifth Amendment to avoid answering questions.

Any false statements under oath would carry the risk of perjury, and he could still be named an unindicted co-conspirator, potentially reshaping his legacy.

Beyond individual accountability, the “Grand Conspiracy Case” has the potential to set lasting legal precedents on how coordinated abuses of government power are investigated and prosecuted, ensuring that future political actors cannot so easily exploit the machinery of state for partisan gain.

Attention: The “Grand Conspiracy Case” seeks to address a decade of alleged government misconduct by connecting events into a single conspiracy, potentially leading to significant legal accountability.

3. Threats to Civil Liberties, Electoral Integrity, and the Constitutional Republic

While the legal battle plays out, the stakes extend far beyond the courtroom. This case is not merely about punishing wrongdoing. It is about defending the foundational principles that safeguard every American’s freedom.

The alleged decade-long politicization of intelligence and law enforcement carries profound consequences for civil liberties, electoral integrity, and the survival of the constitutional republic.

Actions such as the Mar-a-Lago raid, the Ukraine impeachment, the Russiagate investigation, and the false claims of Russian disinformation regarding Hunter Biden's laptop were obvious efforts to manipulate public perception and tilt electoral outcomes, depriving citizens of truly free and fair elections.

When agencies like the FBI and the broader intelligence community, once expected to operate above partisan politics, are drawn into electoral conflicts, the result is a dangerous slide toward what is often called banana republic governance: unstable, corrupt, and unaccountable.

Without meaningful accountability and reform, such abuses risk eroding trust in institutions, weakening constitutional checks and balances, and leaving the republic vulnerable to further political weaponization.

"You stop being the greatest constitutional Republican in the world, which the American government has long been viewed as. And you suddenly become a banana republic that looks just like the Latin American dictators or the Eastern European Soviet dictators. That is the abyss that we dangle over at this moment. We have not punished this behavior in nine years, even though increasingly we have overwhelming evidence of what happened." —John Solomon

If these abuses go unpunished, they will not simply fade into history. They will stand as a blueprint for future political actors to manipulate law enforcement and intelligence agencies for partisan gain.

Instead, we must hold those responsible to account to preserve the rule of law and the principles that keep government power in check.

Every instance of unchecked misconduct erodes public faith in the rule of law. It weakens the credibility of democratic institutions and chips away at the constitutional protections that safeguard individual freedoms.

The danger is a nation where justice is no longer blind but selectively applied. Elections risk being shaped by those who control the levers of power, rather than by the will of the people.

To preserve civil liberties and protect the survival of a truly representative republic, accountability is not optional. It is an urgent necessity.

Attention: The politicization of government agencies threatens civil liberties and electoral integrity, risking the transformation of the U.S. into an unstable, undemocratic state.

Start Weaponizing Your Money Today with Patriot Mobile. They make weaponizing your spending easy!

- » Patriot Mobile is for Economic War Room® Patriots! Patriot Mobile is the ONLY Conservative wireless provider.
- » They use a portion of the profits they make to fund causes that align with freedom and liberty and not the progressive leftist agenda! Other carriers support left-wing causes you would never support.
- » Patriot Mobile uses the SAME cell towers that all the other carriers use, so your service quality will be the same.
- » They have a variety of packages, so one will fit your budget and you will be supporting Liberty, Security, and Values.
- » GO to PatriotMobile.com/ewr | Use Promo Code EWR to get ONE MONTH FREE!

Disclaimer: EWR-Media Holdings, LLC maintains an affiliate relationship with Patriot Mobile and receives a portion of fees paid by customer using the discount code EWR.

ACTION STEPS:

1. **Follow credible investigative journalism, such as John Solomon's work at [Just the News](#) or [@JSolomonReports](#) on X.**
2. **Demand Accountability:** Contact elected representatives to support investigations into government overreach and advocate for depoliticizing intelligence agencies.
3. **Engage in Civic Education:** Learn about the RICO Act, Espionage Act, and constitutional protections to understand the legal implications of these allegations.
4. **Support Electoral Integrity:** Promote transparent election processes and monitor local election practices to ensure fairness.
5. **Raise Awareness:** Share these findings with your community to foster informed discussions on protecting democratic principles and civil liberties.

ONGOING ACTION STEPS:

1. **Get the book [Pirate Money](#) to learn about the transactional gold and silver movement sweeping America. Legislation has now passed in Florida, Texas, Arkansas, Louisiana, and Missouri! This is the answer to inflation and the looming threat of CBDC.**
2. **Get a copy of [According to Plan](#) to better understand these domestic attacks on our Liberty as well as the overall Marxist plan to consume America.**
3. Seek opportunities to inspire other Americans to stand up for what is right.
4. Send them this Economic Battle Plan™ and ask them what they are doing to stand for America and Liberty!
 - » Elect Politicians that understand the need to preserve American Liberty.
 - » Encourage and ask your elected officials to educate themselves.
 - » Ask them how they are working to strengthen our education system and reverse the push for Marxist indoctrination. These are big issues, if your representatives are not aware and working toward solutions directly or indirectly based on their committees, hold them accountable!

Your support for Transactional Gold and Silver Currency is critical! We have legislation advancing in 20+ states! Learn about progress in your state at <https://transactionalgold.com/> and click the "Active States" button in the upper right-hand corner.

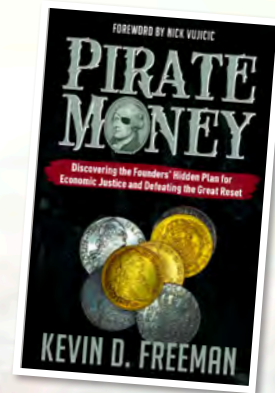

5. **Check your investments to see if they are helping fund the agendas of Globalist Elites. If you have a financial advisor insist that they give you an update and encourage them to become part of the NSIC.**

Seek out investment opportunities in patriotic innovations. Financial Advisors can learn more at www.NSIC.org. Weaponize your money, your investing, spending, and giving!

ATTENTION: Clients already with a Financial Advisor - Make sure your financial advisor has your values and interests at heart. Make certain they really understand what ESG investments mean for our future. Suggest that they become part of the NSIC institute and nominate them to participate in our online certification at www.economicwarroom.com/advisor.

6. Be certain to buy Kevin's new book, *Pirate Money: Discovering the Founders' Hidden Plan for Economic Justice and Defeating the Great Reset*. Learn more at www.PirateMoneyBook.com.

**"Pirate Money
provides insights
for those who want
to participate in the
protection of their
financial future."**

[Economic Battle Plan™ points:100]

In the **Economic War Room®**, we encourage Americans to be the “little ships that make the difference.” You cannot solely rely on the government or the president to solve America’s problems. You have to make a difference. It is up to you to help take our country back and create a voice for economic liberty. [The little ships are based on Churchill’s Operation Dynamo that rescued the British Expeditionary Forces in the Miracle of Dunkirk.]

SHAREABLE QUOTES:

“It was Hillary Clinton coming up with a political ‘dirty trick’ to make Donald Trump look like he had a Russia problem when Donald Trump didn’t have a Russia problem. But then she enlisted and engaged the use of our intelligence and our law enforcement communities, the FBI and the CIA, to carry out that ruse, to give it legitimacy, to cause people to have their civil liberties violated, to have their freedoms put at risk, to have their reputations destroyed on a false political dirty trick.”

—John Solomon, Founder, Just The News

“The irony of all this is, I believe [Barack Obama] set a perjury trap for General Flynn, who’s our good friend. And here he (Obama) could be subject, himself, to a perjury trap... It’s kind of ironic and maybe poetic justice.”
